## Gas scam charged

On Tuesday, an independently owned Citgo station at Michigan Avenue and Middlebelt Road was targeted by the state Department of Agriculture and Michigan State Police for allegedly cheating customers by manipulating figures on the pumps.

It is estimated that customers were overcharged by six to 36 percent. One customer claimed that he was charged for 21 gallons of gasoline which was pumped into his 18.5 gallon tank at the station.

The owner could be fined \$10,000 plus penalties for each overpriced sale to customers.

## Voting on April 8

Wayne voters will be casting their ballots on five proposals Tuesday.

A: Construct new police station and hire officers with 1.5 mills for 20 years

B: To amend retirement system provisions by ordinance

C: Construct new fire station on Wayne at Clinton and Forest

D: Renovate old fire station

E: Construct new fire station on alternate site.

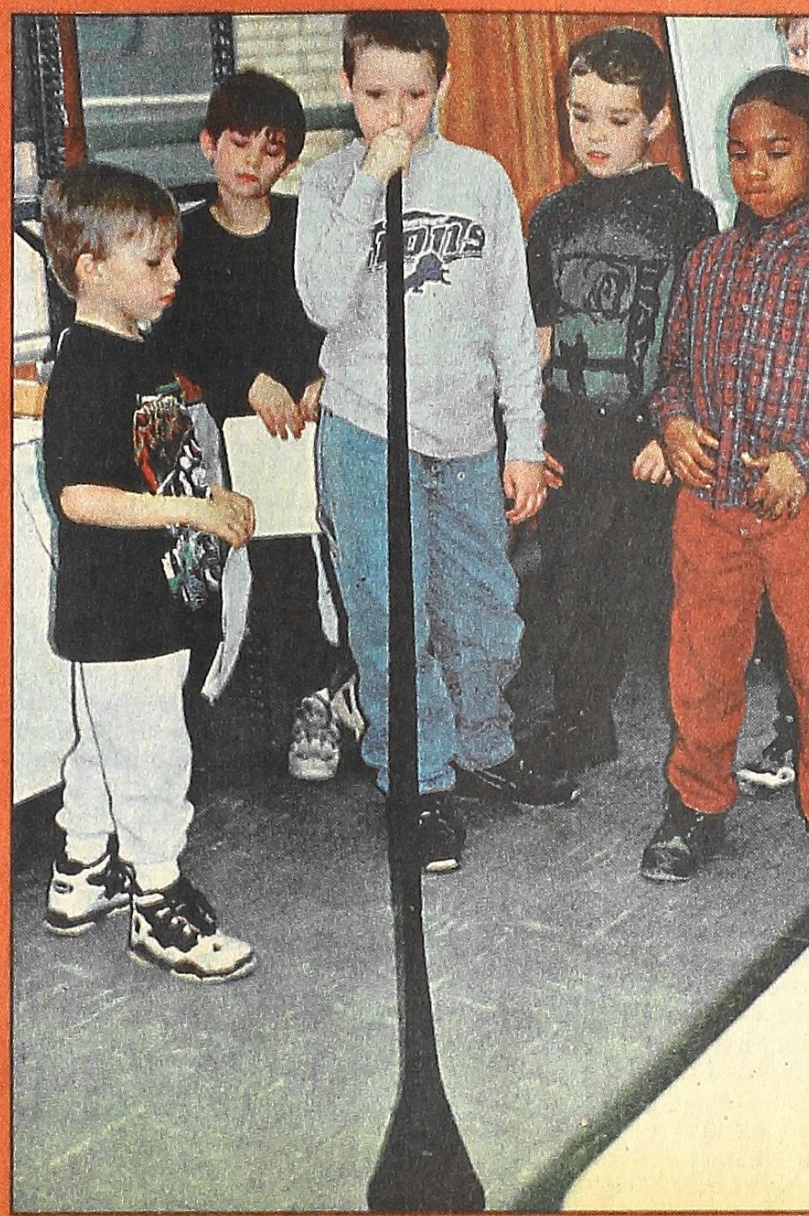

## Spring forward

On April 6, daylight savings time begins.

Clocks should be set ahead one hour before retiring on Saturday night.

Paws, the Tiger mascot, awaits the opener on April 8 in Tiger Stadium. See comments on the season on Page A-8.

## Foreign flavor

During International Day at Elwell School in Belleville, Timmy Clark (left) blew into the alpine horn to the awe of his four friends, and Catherine Pauer, 8, modeled a Mexican serape. MCN photo by Lori Gillespie

## Assisted suicide Will charges be filed soon?

By AL POST  
MCN Staff Writer

Romulus police are awaiting word from the Wayne County Prosecutor's Office to determine whether murder charges will be filed in regards to the recent death of a frail Virginia woman in a Romulus hotel.

The woman's death has been ruled an assisted suicide, Romulus Detective Lt. David Early announced last week.

The woman, Helen P. Livengood, 59, of Richmond, Va. was found dead in a room at the Romulus Hilton Suites early in the evening of March 13.

A toxicological study revealed that Mrs. Livengood died from an injection of multi-drugs that lead to drug intoxication, Assistant Wayne County Medical Examiner Jay Scott Somerset reported.

Police sources said that since this is Wayne County's first such assisted suicide, it

appears the county prosecutor's office is taking a little more time in deciding whether a murder charge should be filed or not.

Early said Romulus detectives were called to the hotel after a cleaning woman found Mrs. Livengood's body in a king-size bed about 9 o'clock that night.

Hotel records show that the Livengoods arrived at the hotel about noon that day and that her husband, Albert, checked out about seven and a half hours later.

While there was no sighting of Dr. Jack Kevorkian in the hotel area, many suspect he may have been involved in the visiting woman's death, because police found a note in the hotel room urging persons to call Kevorkian's well known attorney, Geoffrey Fieger.

Every thing the Livengoods brought into the hotel apparently was removed by her husband and others in their party, even the wheelchair she arrived in, police said.

Fieger later told the press that Mrs. Livengood was suffering from a "crippling, torturing arthritis."

As of last Thursday, Early said none of his detectives had talked to the victim's husband, who returned to Virginia the night of his wife's death.

Accounts from Virginia claim that Livengood only told family friends that his wife had died, not mentioning Michigan at all.

Fieger nixed police requests for an interview of Livengood, saying the issue was a "private matter...between physicians and patients."

One reason for the secrecy involving this death and several other similar cases in Michigan in the last few weeks is that Kevorkian faces a June 10 trial in Ionia County for assisting in the death of Loretta Peabody last year.

One of the elements in his bail in that case is that he not be in attendance at any more assisted suicides.

## Horse abusers put on probation, fined \$1,000 each

By AL POST  
MCN Staff Writer

Two convicted Romulus horse abusers were placed on two years probation and fined \$1,000 each on Monday by Chief 34th District Court Judge Tina Brooks Green.

The pair, Pamela Sue and Joseph Haddad, also were ordered to make \$2,150 in restitution payments for veterinarian costs and other expenses and were told to complete 30 days on the Romulus work program.

Green also deferred a one-year jail term for the husband and wife in case they do not fulfill satisfactorily any portions of the sentence. She ordered both defendants to continue therapy, particularly Mrs. Haddad.

The judge also warned the couple they can not own any more horses or other husbandry style animals for up to two years. Green said the Haddads' premises also would be open to random inspections by animal control officers during the next two years.

No decision has been reached on the future of the five seriously underweight Arabian horses that are currently being cared for at the Zephyr Arabian site operated by Fred Hay and family.

Reports say the horses are regaining weight and have had their hoofs cared for by a specialist.

It is widely expected that at some time in the near future that the horses will be put up for auction.

Mrs. Haddad complained about being assigned to the city's work program, since she is currently employed. Her husband currently does not have a job.

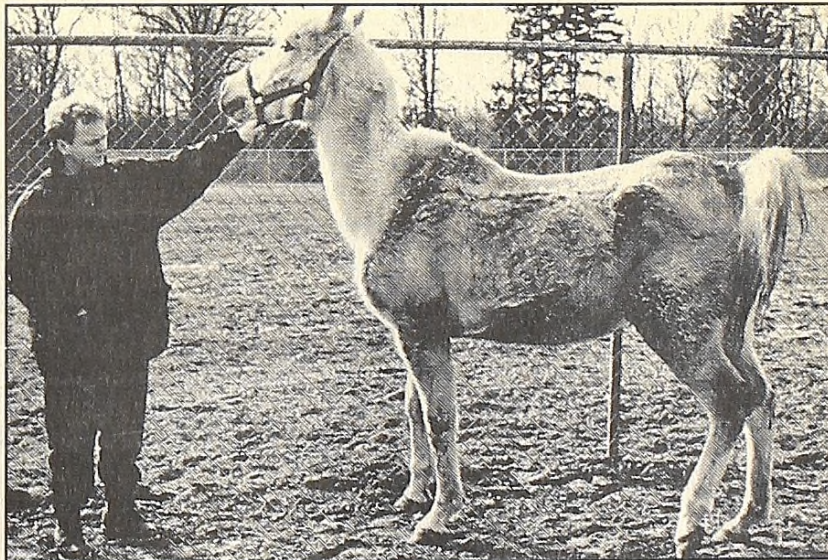

Green cautioned her by saying "a time frame for completing the work program can be worked out. You are lucky you are before me rather than facing a trial in Circuit Court."

"It is extremely rare that the Wayne County Prosecutor's office dismisses felony charges as it did in your case in return for seven guilty pleas on misdemeanor charges," Green said.

Such an action took place in the 34th District Court on March 12 as Green ordered that a pre-sentencing report be completed.

Green said she received the probation report last week and seriously studied the elements of the report before deciding on the sentencing, since the couple had little cash to pay a steep fine.

The Haddads were arrested on March 5, Green explained, after detectives and animal control officers were called to their 15-acre horse farm after fears were expressed that the couple planned to bury some of their ailing horses on their farm.

One of the five surviving but seriously undernourished horses taken from the Haddad horse farm recently is shown under the care of Margie Baird at the Zephyr Arabian farm on Huron River drive. Since this photo was taken the horses reportedly have begun to regain their lost weight. MCN photo by Lori Gillespie

## Hearing slated on police grant funds

By AL POST  
MCN Staff Writer

A public hearing concerning block grant funds from a U.S. Department of Justice allocation of about \$50,000 with a matching \$5,000 in city funds is slated for 5:45 p.m. April 14 in the Romulus City Council Chambers.

City Clerk Linda Choate informed the council that Police Chief Charles Kirby is requesting the public hearing "for the purpose of obtaining comments and requests from persons, groups, departments and organizations interested in the application and allocation of the funds."

Kirby had earlier informed Choate that the police department had "been awarded a Crime Prevention Police Block Grant and one public hearing

was required prior to the expenditure of the grant funds."

Kirby had informed Mayor William Oakley on Feb. 4 that his department had initially planned to use the funds to hire a new crime prevention officer.

But once it was learned that the grant was a "one-time grant" and the city would have to pick up that officer's salary following that period, it was recommended that the expenditure plan be refocused.

Some possible uses of the funds include: enhanced lighting for the police department's rear parking lot, repair of existing fence and installation of an electronic gate, landscaping of the front of police headquarters or the purchasing of video cameras and/or monitors for both indoor and external building security.

## Good Friday walk

Nearly 200 Romulus area Christians didn't let the rain or a changed walk route keep them from taking part in the annual Good Friday procession and religious service. Pastor James O'Guin of the Gateway Assembly of God Church of Romulus is shown carrying the large wooden cross. Pastor Neil Swanger (extreme right wearing a sweater) offered the Lenten message. MCN photo by Kimberly Woloskie

## CITY OF OF ROMULUS

### MINUTES OF THE REGULAR MEETING OF THE ROMULUS CITY COUNCIL HELD MARCH 10, 1997

The meeting was called to order at 7:30 p.m. by Mayor Pro Tem, Randolph Gear

Present: Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth

Absent: None

Excused: None

Administrative Officials in Attendance:

William Oakley, Mayor

Linda R. Choate, CMC, Clerk

Motion by Romak, supported by Wadsworth to approve the agenda as amended.\*

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth.

Nays - None.

Motion Carried Unanimously.

97 - 118

2A. Motion by Prybyla, supported by Crova to approve the minutes of the Romulus City Council held March 3, 1997 as presented.

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth. Nays - None.

Motion Carried Unanimously.

97 - 119

4A. Motion by Wadsworth, supported by Crova to adopt a memorial resolution for the family of Ethel Lamar.

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth. Nays - None.

Motion Carried Unanimously.

97-120

4B. Motion by Romak, supported by Crova to adopt a resolution to acknowledge the induction of Lloyd Ward, John Long, Grant Long and Terry Mills into the Romulus Alumni Hall of Fame.

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth. Nays - None.

Motion Carried Unanimously.

4. Motion by Crova, supported by Romak to accept the Chairperson's Report.

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth.

Nays - None.

Motion Carried Unanimously.

97-121

5A. Motion by Romak, supported by Prybyla to reappoint Virginia Thomas to the Romulus Housing Commission with the term to expire February 26, 2002.

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth.

Nays - None.

Motion Carried Unanimously.

97-122

5B. Motion by Romak, supported by Collins to concur with the recommendation of Mayor Oakley and introduce an amendment to Chapter 1, Article III of the Romulus City Code of Ordinances entitled "Administration" for the purposes of establishing the process by which personnel policies and procedures and certain fringe benefits are developed, approved and implemented.

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Romak, Wadsworth. Nays - Prybyla. Abstain - Raspberry.

Motion Carried.

97-123

5C. Motion by Crova, supported by Collins to concur with the recommendation of Mayor Oakley and authorize the continuation of the AT&T WATS Service Agreement at the reduced rate of .058¢ per minute thru December 31, 1999.

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth. Nays - None.

Motion Carried Unanimously.

5D. No action taken.

97-124

5E. Motion by Wadsworth, supported by Romak to acknowledge receipt of the Monthly Budget Report for January, 1997.

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth. Nays - None.

Motion Carried Unanimously.

97-125

6A1. Motion by Romak, supported by Crova to authorize the destruction of old Police Department records pursuant to the State of Michigan Retention Schedule. A copy in its entirety is on file in the City Clerk's office.

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth. Nays - None.

Motion Carried Unanimously.

\*6A2. Item deleted.

97-126

6A3. Motion by Crova, supported by Collins to approve the second reading and final adoption of Budget Amendment 96/97-9 introduced at the meeting of March 3, 1997.

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth. Nays - None.

Motion Carried Unanimously.

97-127

6A4. Motion by Prybyla, supported by Collins to approve the second reading and final adoption of Zoning Amendment 1.151 introduced at the meeting of March 3, 1997.

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth. Nays - None.

Motion Carried Unanimously.

97-128

9. Motion by Wadsworth, supported by Crova to adopt a resolution acknowledging the retirement of Romulus School Board member Kenneth E. Berlin from Ford Motor Company.

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth. Nays - None.

Motion Carried Unanimously.

97-129

11. Motion by Prybyla, supported by Wadsworth to authorize the payment of Warrant #97-05 in the grand total amount of Six Hundred and Nineteen Thousand, Four Hundred and Thirty Seven Dollars and Forty One Cents (\$619,437.41).

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth. Nays - None.

Motion Carried Unanimously.

12. Motion by Wadsworth, supported by Crova to adjourn the regular meeting of the Romulus City Council.

Roll Call Vote Showing: Ayes - Collins, Crova, Gear, Prybyla, Raspberry, Romak, Wadsworth.

Nays - None.

Motion Carried Unanimously.

Respectfully submitted,

Linda R. Choate, CMC, Clerk  
City of Romulus, Michigan

I, Linda R. Choate, CMC, Clerk for the City of Romulus, Michigan do hereby certify the foregoing to be a true copy of the minutes of the regular meeting of the Romulus City Council held March 10, 1997.

# Spring, summer programs slated in Romulus

By DON RICHTER  
MCN Special Writer

The 1997 spring and summer recreation programs began with a kick-off of Easter festivities last weekend.

The Recreation Department hosted an Easter egg hunt at Elmer Johnson Park and also sponsored a visit to the dinosaur exhibit at Domino Farms and a trip to Caesarland in Westland, according to Debbie Dick, recreation director for the Romulus Recreation Center.

Today, there is a roller skating trip for all age groups at the Westland Skateland, located at Newburgh and Cherry Hill roads.

Planned for April 19, is the always-popular Parent/Child Bowling Event at the Romulus Bowl. It is a chance for the youngsters to see how Dad looks in his bowling shoes, and it is also a time when families can get together for fun and spend some quality time in a safe environment.

After Easter, the Center will be offering after school soccer

for elementary age students. Gymnastics, dance, keyboarding (which is learning to play the piano on a small keyboard) and preschool movement for ages 2 to 5 are also in the works. The preschool class works on the youngsters' coordination and motor skills.

A tennis program and deck hockey, which is geared toward junior high school aged kids, also is being planned.

Karate classes are slated, along with Tai Chi classes. Tai Chi is recommended for older people and/or people with

back problems. It is a non-combative discipline that stresses stretching and flexibility.

"Our numbers have increased, along with the number of programs that we have to offer since I've been here," said Debbie Dick.

With all that is going on at the "Rec Center," no one in the Romulus area should be bored this spring and summer.

For information on any of these programs, call the Recreation Center at 942-6852.

## New Salvation Army complex dedicated

By AL POST  
MCN Staff Writer

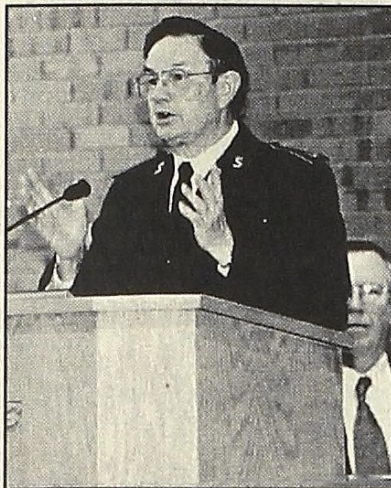

The Salvation Army's mission has not changed over the past century. But its programs have had to become more intense in recent years, because society's substance abusers seeking help today are younger and sicker than ever before.

This message was offered on Palm Sunday at the dedication of the new \$7 million Salvation Army building complex on Middlebelt road in Romulus.

Several hundred persons attended the program held both in the chapel of the Adult Rehabilitation Center and a nearby social room where the ceremonies were carried via in-house television.

Mayor William Oakley and his wife, Mary, represented the city at the dedication. Oakley said "we are proud to have this facility here" and then pledged the city's support for the ARC program today and in the future. Councilwoman Mary Collins also was in attendance.

The Army's adult rehabilitation center, donation sorting facility and thrift shop were located on Goddard road for a quarter of a century.

Commissioner Harold Hinson

Several years ago Wayne County announced that Detroit Metro Airport was going to erect a fourth parallel runway in the near future.

Because of the airport enlargement plan Army ARC facility Commander Capt. Roger Senn was informed the facility and its programs needed to move. In an effort to begin the transfer process, the county purchased the Army's Goddard road property.

The Army then sought to find a suitable location for its ARC needs and settled on the Middlebelt-Van Born site owned by a trucking company,

following several failed attempts to locate elsewhere in Romulus.

A groundbreaking was conducted on a blustery day (March 29, 1995) almost two years ago. The complex was expected to be finished early in 1996, but numerous construction problems delayed its completion.

Both former commander Senn (now a major), his wife, Cecelia and current ARC leaders Majors Brian and Kay Merritt took part in the dedication.

Main dedication speaker Army Commissioner Harold D. Hinson oversees 24 such ARC centers in middle America.

He joked that when he heard that the Romulus center needed to be demolished several years ago, several Salvation Army leaders exclaimed there were 22 other centers across the Midwest that were in more need of razing than the Goddard road facility.

Hinson declared recycling has been a major project of the

Salvation Army since it was founded in London, England in 1865 by Gen. William Booth, a former Methodist.

But we have found it more important to recycle people than paper, Hinson said, and stresses collections of converts more than aluminum cans.

In addition to the vital task of cleaning up substance abusers' physical lives, Hinson emphasized, the Army is intent on strengthening their Christ-based spiritual lives or if need be creating such a spiritual life if the person had not heard of Christ before entering the ARC.

"Yes our mission has not changed in over a century, but our programs have been updated more than our service vehicles," Hinson said.

While dedicating the new facility, Hinson explained, "even these buildings are not eternal. We will not be judged by the size or beauty of these facilities, but by the holy things that occur here in coming years."

## Many activities make 'great to live in Wayne'

MARSHMALLOW DROP another success...the Wayne Civitans packed 1,200 bags of candy and also included coupons from Norm Beasley at Tastee Freeze, free swimming at the Wayne Aquatic Center and Arby's so every child at the annual Marshmallow Drop is having a busy week. Good organizing, Sharon Duka!

How many marshmallow drops have there been? It started when Vic Chiasson was part of our Rec Department. Great idea!

DON'T FORGET TO WATCH LORENZO GUESS play with the West All-Stars to benefit the Boys & Girls Clubs of Michigan next Sunday, April 6 at the Palace of Auburn Hills, beginning at 2 p.m. Call 810-377-1000 for ticket information.

FRIENDS OF THE WAYNE Public Library will sponsor a used book sale on Saturday, April 5 from 10 a.m. until 5 p.m. and on Sunday, April 6 from 1 to 5 p.m. Donations will be accepted until April 4, but no magazines or condensed books, please. Proceeds will be used to fund a puppet theater for the children's room.

HISTORY OF THE FRIENDS...Dr. Albert Ward, a member of the Library Board, asked about starting a Friends group on Oct. 8, 1975. It was tabled until May 17, 1988 when a group of interested citizens met at the library and Mary Gale made the formal resolution. A Friends group is formed to serve the library and its community. There is a long list of contributions since that time and the next item could be yours? Consider joining up on your next trip to the library.

LASER VAUDEVILLE takes place on April 6 at 2 p.m.,

Great to live in Wayne

Sharon Popek

according to Tracy Spada. It will be on Stage IV of the State Wayne Theater.

WAYNE 100 CLUB HELD its 2nd annual meeting on March 26 where Ken Warfield, John Colligan and Dick Clark were re-elected to serve three year terms on the board of directors.

SPEAKERS AT THE 100 Club meetings included Darlene McKee who is a fourth generation member of The Salvation Army and Gordon Howard who has become a full-time volunteer after his retirement from the business community. They are looking for volunteers who can give a couple hours or more per week. Can you help?

HAPPY BIRTHDAY TO John Colligan, Tom Daily and Dave Gabany. Doesn't Tom Kelly have a birthday around this time also?

QUITE A BUNNY COLLECTION at the home of Lois Press, Wayne Garden Club president. It includes several antique bunnies as well.

A CAREER DEVELOPMENT SCHOLARSHIP is being offered by the Wayne Business and Professional Women's Club to recognize and support women entering the work force or seeking to advance their current career. For more information please contact Harriet Buck at 467-4134 or at home where her number is 728-9241.

## PUBLIC NOTICE

### PUBLIC HEARING

### PROPOSED FISCAL YEAR

### 1997-1998 BUDGET

Notice is hereby given that the Romulus City Council has scheduled a Public Hearing on Monday, May 5, 1997 at 6:30 p.m., in the Romulus City Hall Council Chambers, 11111 Wayne Road, Romulus, Michigan for the purpose of discussing the Proposed Budget. The Proposed Fiscal Year 1997-1998 Budget is available for inspection in the Clerk's office, Monday through Friday between the hours of 8:00 a.m. to 6:00 p.m.

Linda R. Choate, CMC, Clerk  
City of Romulus, Michigan

Publish: April 3, 1997

## CITY OF WAYNE

### ELECTION NOTICE TO THE QUALIFIED ELECTORS OF THE CITY OF WAYNE, COUNTY OF WAYNE, MICHIGAN

NOTICE IS HEREBY GIVEN that a Special Election will be held in the City of Wayne, County of Wayne, Michigan, on Tuesday, April 8, 1997, from 7:00 a.m. until 8:00 p.m., for the purpose of voting on two proposed charter amendments and three ballot proposals. The Clerk's Office will be open on Saturday, April 5 from 8:00 a.m. until 2:00 p.m. for the purpose of issuing absentee ballots.

The Ballot issues are as follows:

#### PROPOSAL A

#### PROPOSED AMENDMENT OF SECTION 10.1 OF CHAPTER 10 OF THE CHARTER OF THE CITY OF WAYNE

A City Charter amendment is proposed by the City Council to amend Section 10.1 of Chapter 10 of the Charter to increase the Charter tax limitation by adding \$1.50 upon each \$1,000 of the assessed valuation of all real and personal property subject to taxation in the City, for a period of 20 years, for the purpose of constructing a new Police Station and providing additional Police Officers for the City.

Shall the proposed amendment to Section 10.1 of Chapter 10 of the Charter of the City of Wayne be adopted?

YES NO

#### PROPOSAL B

#### PROPOSED CHARTER AMENDMENT

Currently, the Retirement System provisions may only be amended by a vote of the people of the City of Wayne or through the collective bargaining process. The purpose of adding proposed Section 19.42 is to enable City Council to amend the Retirement System provisions by ordinance in order to (1) comply with Federal or State legislation regarding Retirement Systems in a timely manner; (2) provide like or similar provisions and benefits to all members of the Retirement System; (3) provide post-retirement benefit programs for retirees.

Shall the proposed Section 19.42 be added to the Charter?

YES NO

#### PROPOSAL C

Shall the City of Wayne construct a new fire station on the east side of Wayne Road between Clinton and Forest Streets, using Downtown Development Authority funds in an amount not to exceed \$2.9 Million?

YES NO

#### PROPOSAL D

Shall the Downtown Development Authority Plan be amended to renovate the existing fire station in the City of Wayne?

YES NO

#### PROPOSAL E

Shall the Downtown Development Authority Plan be amended to build a new fire station in the City of Wayne at a location other than the property at Forest, Clinton and east of Wayne Road?

YES NO

The places for voting on Election Day, Tuesday, April 8 are as follows:

Precinct 1 and 2	WMHS Alumni Arena, 3001 Fourth St.
Precinct 4 and 5	Taft School, 4035 Gloria St.
Precinct 6 and 7	Hoover School, 5400 Fourth St.
Precinct 8 and 9	Roosevelt School, 36075 Currier St.

Doris A. Nall  
City Clerk

Publish: March 27, 1997

## DIGEST

### Museum hosts rummage sale

Friends of the Westland Historic Museum are holding a Rummage Sale on May 31. Donations will be greatly appreciated, and will be accepted between March 15th and May 15th at the museum, 857 N. Wayne Road. (between Cherry Hill and Marquette). Items needed include: dishes, linen, furniture, jewelry, toys, tools, antiques, books, knick knacks, kitchen items, and miscellaneous. Please no clothing and all items clean! For more information-call 522-3918. The funds will be used for historical purposes.

### New variety card group

Beginning at 2 p.m. light refreshments will be served! This unique card group can include, euchre, pinochle, bridge, uno, rummy, poker, etc. Come to the Senior Resources Department (Friendship Center) on Fridays at 2 p.m. You may come by yourself to socialize and meet new friends, or bring your neighbors, friends, etc., to have your own table! Call the Friendship Center at 722-7632 for more information regarding the card group and/or membership at the Friendship Center.

### Friends of museum meetings

Friends of the Westland Historical Museum meet the second Tuesday, March, May, July, September, and November, at 7:00 p.m. at the Meeting House at 37091 Marquette, between Wayne and Newburgh Roads. Visitors welcome. Any questions call Jim Franklin, President, at 721-0136.

### Niagara Falls gambling trip

The Friendship Center has a gambling trip to Niagara Falls planned! The trip cost is \$75.00 per person based on double occupancy, includes transportation by Econo Travel Motorcoach, and deluxe accommodations the Village Inn. The trip is available to the first 42 persons to register, don't wait, this trip will fill fast. For more information, call the Friendship Center at 722-7632.

### Sewing display featured

At the Westland Historical Museum, 857 N. Wayne Road, between Marquette and Cherry Hill, Saturdays 14 p.m., except holiday weekends. Older samples of needlework and antique sewing tools and their history - such as a darning collection, 1860 and 1890 sewing machines, pin cushions, children's sewing tools, etc. Displays will run through June. Call 313-326-1110 for more information.

### Travel show slated

Sometimes Travelers will host its annual Summer-Fall Travel Show at 1 p.m. April 17 in the Senior Activity Center, 35000 Sims Ave. There is a \$4 fee.

### Navy officer graduates from nuclear training

Navy Petty Officer 3rd Class Robert Shonce, son of Robert Shonce of Meadowlawn in Wayne, recently graduated from the Navy's Basic Nuclear Power School in New York.

He is a 1993 graduate of Wayne Memorial High School and joined the Navy in 1995.

### Provider named

Barbara Hatfield of B&G Bookkeeping & Tax Service has been appointed an AgriPlan/BizPlan provider in the Wayne area.

### Local man enlists

Robert C. Vyse, son of Kenneth Vyse of Westland and Beverly Butula of Wayne enlisted in the Air Force on Feb. 19.

## Tae Kwon Do

## Two time national winner seeks trip sponsorship

By KIMBERLY WOLOSKE  
MCN Staff Writer

Paul Rose wants to go to California.

Not because the surf is up or all the celebs hang there but to compete at the National Tae Kwon Do championship in May.

Rose, 21, has remained the state of Michigan double gold winner since 1987 and holds six grand champion trophies to his credit as well as two national medals at the Minnesota event in 1989 where he captured a gold and again in 1991, silver.

In February Rose tested his skill at the national qualifier, sweeping the event and earning him a chance to participate in the 1997 Oakland, California national tournament. With a win already in his pocket, he was also hoping to place first at the 25th Annual Tae Kwon Do Open Championships earlier this month and win a free plane ticket to the nationals. Rose, however, placed second only one point away from his challenger who went home with the free airline pass.

"I don't have the money right now to fly out to California for the event so I'm hoping someone is interested in sponsoring my trip," said Rose. "I need about \$1,000 for the plane fare and three-day hotel stay."

The 21-year-old is a fourth degree black belt student and instructor at Kicks Tae Kwon Do center in Wayne. His father and mentor, Ron Rose, is currently a seventh degree black belt, just two degrees shy of the highest degree you can possess in the field of martial arts, ninth degree.

"My father has always pushed me to work hard," said Rose, "not to the point where I was burnt out though. He pulled out the potential in me."

Rose attributes his dedication to the competitive aspect of the sport with his continued success. A rigorous cross-training schedule outside of the center includes weightlifting, running, wallyball and stair climbing in addition to 15 to 20 hours of studio training.

"Some people enjoy martial arts for a variety of reasons including stress reliever, family fun, fitness and self-defense,"

Paul Rose in in the back row at the right with other Tae Kwon Do students. MCN Special Photo

said Rose. "I have always excelled at the competitive aspect of the sport."

The Wayne man said he is pleased to see the sport added

to the events at the upcoming Olympic games where it will finally receive the national recognition it deserves.

If your business or organiza-

tion is interested in sponsoring Rose at the upcoming California national event or you would like to make an individual monetary donation, call Kicks at 728-3027.

## High-tech facility to locate in Van Buren

By LORI GILLESPIE  
MCN Staff Writer

The Van Buren Township Board of Trustees have taken the first steps in bringing a high-tech facility to the area.

The board adopted resolutions to establish an Industrial Development District, approve an Industrial Facilities Tax Agreement, and request an Industrial Facilities Exemption Certificate for Olympic Laser Processing (OLP).

This "white-glove" operation, will be a first of its kind in the world. A joint-venture between U.S. Steel and Olympic Steel, OLP will be welding steel using a laser. Once the steel is welded, it will be shipped to auto makers for stamping.

The company has promised to create between 50 and 60 new, high-paying jobs in the area by the end of the century. If things fall through, their contract stipulates that they must reimburse provisions to the township.

Officials from the company stressed that their systems will be totally self contained and

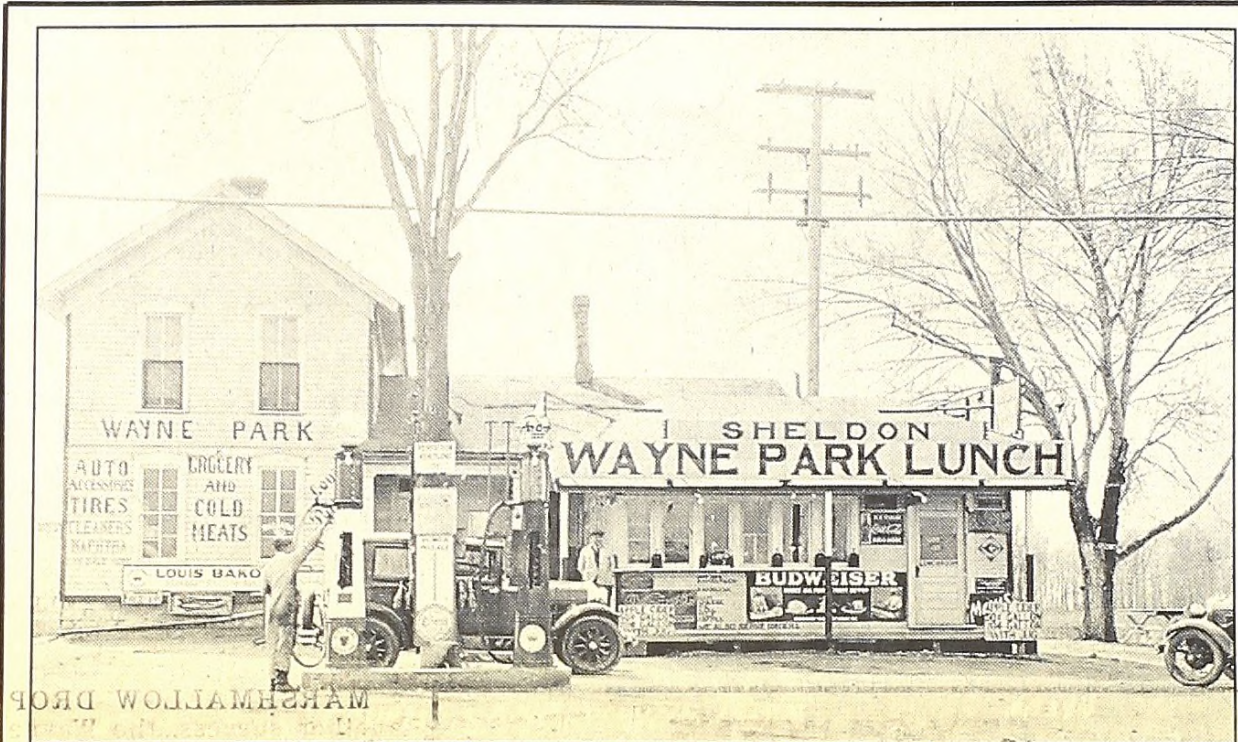

environmentally friendly. As they will be working with highly-sensitive steel, everything must be done inside.

Trucks carrying the steel will unload inside the facility, and the steel will be stored inside until it is ready for delivery.

The board OK'd an Industrial Development District for a 28-acre area along the south side of Michigan Avenue, between Beck and Denton roads. "It's near a rail, and is in synch with what the Planning Commission has planned for that location," Supervisor Helen Foster said.

While homeowners pay 30 mills on land and buildings, industrial companies pay 48 mills. The companies also pay 48 mills on personal property. By granting OLP, a tax abatement, the township is allowing them to temporarily pay only 48 mills.

"We're excited about locating here," said David Wolford, chief operating officer of Olympic Steel. "This is a footprint of what we want to do in other cities throughout the United States."

### Wayne Park

In 1934 when this post card photograph was taken Wayne Park was a popular tourist spot for Western Wayne County residents. Louise Jaje Gunacu of Ypsilanti submitted the card and wondered if anyone has memories of the park. MCN Special Photo

## John Glenn seeks distinguished alumni to honor at graduation

John Glenn High School will graduate its 33rd senior class in June of 1997. The ceremony will include an honorary presentation to a former graduate who has gone on to achieve excellence.

The faculty council at John Glenn is seeking nominations for its distinguished alumnus award and will review the applications and decide on the 1997 honoree. This is an annual presentation and one of the highlights of the graduation ceremony each year.

"We feel that successful graduates, such as these, could have a positive motivational effect on the graduating seniors as well as the school community and the faculty," stated John Glenn Principal Neil Thomas. "We are proud of our graduates and want to

*We are proud of our graduates and want to share their success with the community.*

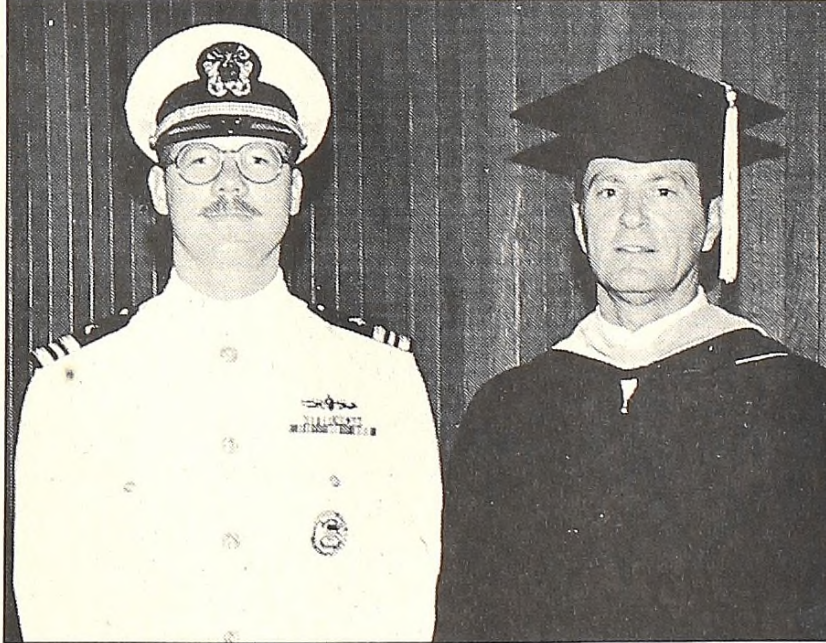

share their success with the community."

Last year, Class of 1980 alumnus Brent R. Guernsey was recognized for his continued success in the Navy and his current position serving the Joint Chiefs of Staff at the National Military Joint Intelligence Center in the Pentagon.

Guernsey received his Bachelor of Arts Degree (Russian and East European studies) from the University of Michigan as well as a Master of

Science Degree in Strategic Intelligence at the Joint Military Intelligence College.

The high school is requesting community assistance to help us in the selection process by nominating a John Glenn graduate who has truly earned distinction in their field of endeavor following graduation. If you wish to nominate a graduate, please contact Pam Tucker at John Glenn High School, 36105 Marquette, Westland, Mich. 48185.

## Anti-casino activists seek new statewide vote

By AL POST  
MCN Staff Writer

Two anti-casino leaders vowed last weekend that a new statewide vote on casino gambling will occur in the near future and women (the major victims of such gambling procedures, they claim) will lead in the overturning of current Michigan casino efforts.

The announcement of the new anti-casino efforts was made last Saturday at a press conference at the Freedom Missionary Baptist Church in Detroit. Pastors and laity in Western Wayne County have been urged to join the drive.

One of the speakers, Jerome Almon, charged that women suffer most from casino gambling in major cities. He declared as family funds become scarce physical abuse of women escalates and their fam-

ily's lives become disrupted.

Dr. John Mecartney, a university sociologist and long-time opponent of casino gambling, also stressed that Detroit Police Chief Isaiah McKinnon has warned on several occasions that more Detroit police officers will be injured trying to quell family fights brought on by casino related issues.

Family fights are one of the main causes of police injuries, Mecartney said.

Both Almon and Mecartney predict that "women will vote strongly against casinos in the next statewide referendum, once they learn the facts about increased abuse and family disruptions."

Almon also cited increased crime in large cities where casinos are opened as another reason that casinos in Michigan should be outlawed. He

quoted a statement by Joseph Napolitan, who helped bring casinos to Atlantic City, N.J.

Napolitan, a political consultant in Atlantic City, said helping open casinos in the Jersey shore town was "the worst mistake I ever made."

He said since casinos opened in Atlantic City, forty percent of the local restaurants were closed down, crime statistics tripled and the city

went from 50th in crime per capita to first.

Jobs created by casinos do not compensate for the many jobs that are lost in the surrounding communities because of the casinos, Mecartney told a recent Governor's Committee on Casinos gathering at Walsh College.

Almon said the wording for the planned petition drive is

currently being worked on in anticipation for another Proposal E referendum vote.

Buoyed by the fact that the past casino vote was so close, Mecartney feels that the recent pro-casino victory in Michigan can be overturned. The fact that casino votes in all other states were rejected last year also helps fuel the new Michigan effort.

## Contest winners still honeymooners

Mary Martin of Westland recently won a trip for two to the Grand Traverse Resort, by answering the age old question "Why My Valentine Means So Much To Me?"

Sponsored by Westland Shopping Center, Mary and her husband were selected for the contest because of their

*The Martin's say they're looking forward to a vacation...*

continued dedication to each

other and their marriage. According to Martin, the couple has been together for 42 years and they still celebrate their love for each other with a Friday night date every weekend.

The Martin's say they're looking forward to a vacation at Grand Traverse Resort in Traverse City this spring.

## Economic indicators show positive signs

By JOAN DYER-ZINNER  
MCN Managing Editor

Economic indicators show positive signs for 1997, according to Joseph R. Lynn, of FOA Investment.

"Consumer confidence is at a seven-year high. Consumers are in good shape and there will be modest expansion," Lynn said.

Lynn told the Wayne Chamber of Commerce that the U.S. is in its seventh year of economic expansion -- the longest peace time expansion in history.

For the remainder of the year, Lynn sees continued growth at two percent or higher, continued low unemployment rates at five to six percent, modest inflation at approximately three percent

*Consumer confidence is at a seven-year high.*

- Joseph R. Lynn

and a "so so auto industry."

Lynn warned that the economy could slow due to high debt levels of households. Also, an unwillingness of businesses to deal with those with questionable credit could slow the economy. A cutback on the buying of discretionary goods could slow the economy he said, but consumer entrenchment alone won't cause a stop.

On the positive side, Lynn said housing starts are strong and the re-building of the flood areas will cause a spurt in the buying of household ap-

pliances.

He noted that the strong dollar is affecting some sections of the economy, like the auto industry.

Prior to the meeting of the Federal Reserve Board, Lynn correctly predicted that it would boost rates slightly.

"There will be continued strong employment," Lynn said, noting that unemployment figures for February listed a 5.3 percent unemployment rate nationwide. "Signs suggest that there will be continued, modest ex-

pansion."

On the other hand, Lynn sees some signs of concern, mainly wage inflation. Wage hikes are now outstripping inflation, and this will be a major risk in 1997, he said.

In the auto industry, he sees some problems with the high debt level of consumers and the increase in foreign competition. Also, the failure of two used car finance companies is a concern, he said.

Lynn does not see an increase in car sales this year over last year's 15 million domestic units, but he foresees that the Big Three's dividends are safe this year and next.

"Wayne is a Ford town and Ford is the only one of the Big Three with expectations greater from 1998 than 1997," Lynn said.

## Wayneland Eagles #4104

Nomination of Officers  
will be held April 16 @ 7:30 p.m.  
at Wayneland Eagles #4104.

If you cannot attend the nomination meeting you must have a signed letter to the secretary accepting an office before the day of nomination meeting.

All offices will be open except

Secretary & 1 yr. Trustee.

Election will be held May 7th 12:00 p.m. to 7:30 p.m.

Publish: April 3, 6, 10, 13

## Bill may eliminate waste imports

The state Senate voted unanimously on a bill that seeks to stop the dumping of out-of-state waste in Michigan, and in the interim would allow Michigan to at least refuse out-of-state trash that does not meet Michigan's solid waste management standards.

Senator Loren Bennett (R-Canton Township), sponsor of the bill and chair of the Senate Natural Resources and Environmental Affairs Committee,

said he is "positively thrilled" at the widespread bipartisan support with which his bill was received.

"It is always encouraging when legislators come together in a unified effort for the betterment of our great state," Bennett said. "This bill's potential to ensure our quality of life, reduce the number of landfills needed over time, and protect our environment is very great."

Senate Bill 4 contains a two-tiered approach to reducing and eliminating out-of-state Waste coming across Michigan's borders. "First and foremost, the bill would allow us to completely refuse any trash from out of state, just as soon as federal policy allows. This

is being discussed on the federal level and we're ready to act," Bennett explained. "Secondly, while we wait for the feds, the Department of Environmental Quality (DEQ) will review other states' regulatory laws regarding waste to ensure they are on a par or higher standard with Michigan. Only those states will be allowed to import trash here. All others would be prohibited."

Currently, 10 states and Canada import waste to Michigan. Those states are as follows: Connecticut, Georgia, Illinois, Indiana, Minnesota, New Jersey, Ohio, Texas, Virginia and Wisconsin.

The bill is now referred to the House of Representatives for consideration.

## Wayne-Westland families sought to share homes

The SHARE! High School Exchange Program is seeking families in Wayne-Westland and the surrounding areas to host exchange students from all around the world for the upcoming fall semester or the entire academic year.

Exchange students, who arrive in mid August, live with volunteer families and attend the local high school.

"There's no better way to share our American way of life than to share with an exchange student," said Gerald Malstrom, the Program Coordinator of SHARE! nonprofit educational foundation for Wayne/Westland and the surrounding areas.

"This fall we have over 100 students from Brazil, Germany,

France, Poland, and other countries who would love to live with a family in our community," added Malstrom.

Between 15 and 18 years of age, the English speaking students arrive with spending money and are fully insured.

"The current applications reflect a terrific group of students," stated Malstrom. "They're curious about 'real' Americans. Host families often tell me that it's one of the most rewarding experiences they have ever had. It's really the American spirit at its best!"

Since many high schools have enrollment quotas and early deadlines for exchange students, interested families should call Malstrom at 485-4129.

MICHIGAN COMMUNITY NEWSPAPERS

## Police Reports

The Van Buren Township Public Safety Department answered a variety of calls March 24 through 30.

Van Buren police assisted the Belleville Police department investigate an apparent car-jacking at 6:46 a.m. March 24. According to Belleville Police Chief Hal Berriman, a woman had been letting her car warm up as she cleaned snow from the windows. A man approached her, showed her a gun, and took her white, 1992 Thunderbird. Detroit Police later arrested two suspects driving the car.

A breaking and entering was reported in the 9300 block of Parkwood at 2 p.m. March 26.

An assault and battery complaint was recorded at 5:29 p.m. from the 11000 block of Quirk. A juvenile assault and battery complaint was made at 6:03 p.m. on Birch. Child abuse was reported at 8:30 p.m. on Liberty Lane.

**Insider tip:** A "mole" at the Ford-Wayne Plant tells us that there was a lot of commotion on the line on March 19. After a fork-lift truck brought a box, supposedly containing auto parts, to the work area, it was opened and inside was 40 pounds of marijuana. The find triggered a visit from the local police and federal authorities since the shipment came from a plant in Mexico.

A report of abandoned children was made at 12:04 a.m. March 28 in the 9700 block of Belleville Road.

An assault and battery was reported at Granny's Bar at 12:04 a.m. March 29. At 9:29 p.m., officers responded to a domestic assault and battery situation in the 51000 block of Sylvia.

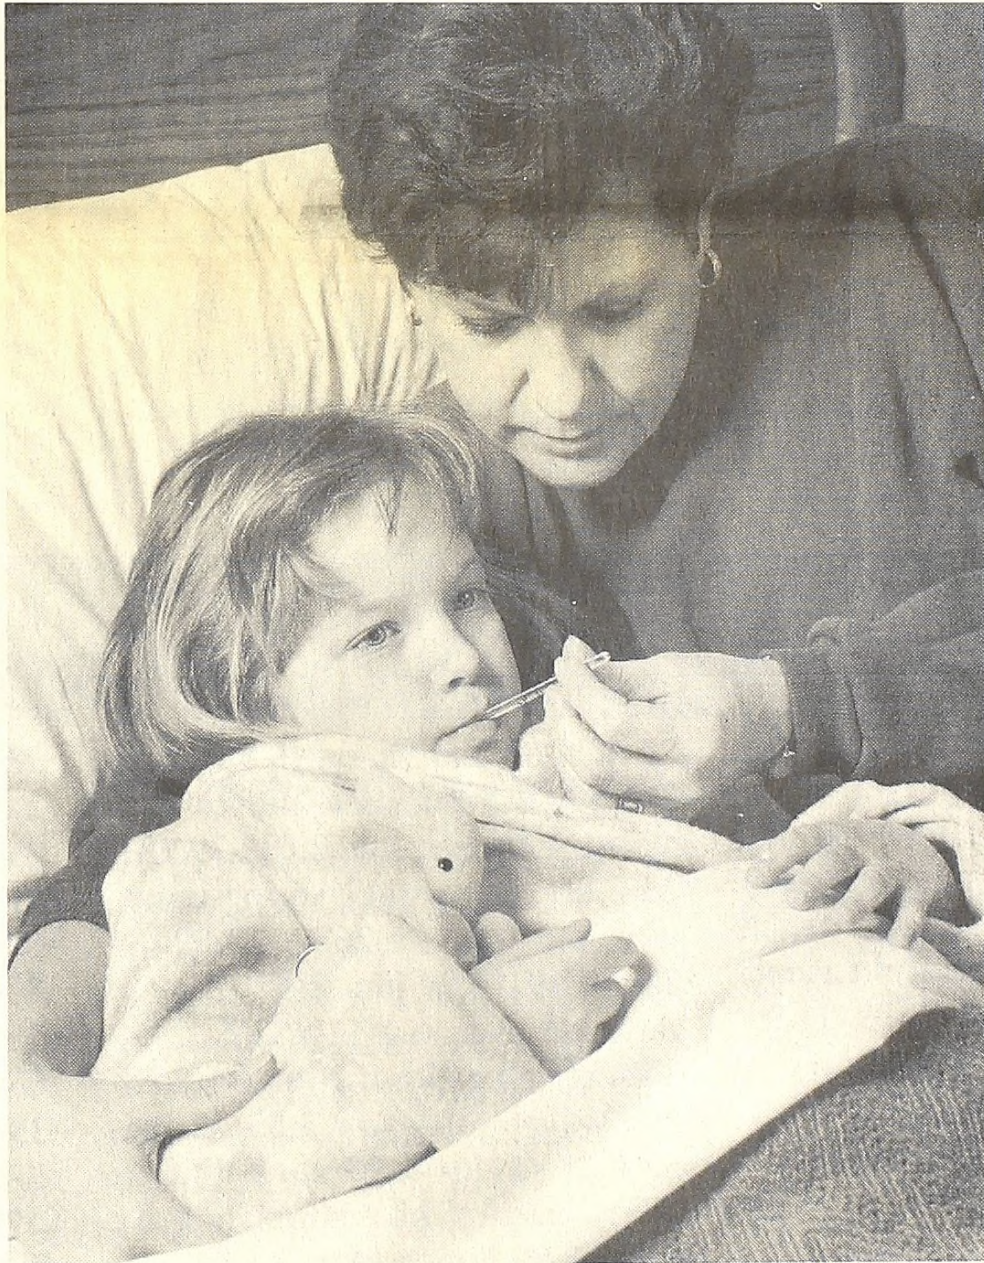

Sumpter Township police report that a man is being held in the Monroe County Jail in connection with a hostage situation.

Two women, 25 and 27, charge that the 40-year old man held them hostage in a Sumpter Township trailer for seven hours March 29. They said the suspect demanded money, threatening them. The women said they were able to persuade him to drive them to a pay phone to arrange to get the money for him. Instead, they dialed 911, and police arrived shortly after the call. The Monroe County Sheriff's Department is investigating the allegations.

The big question is who was supposed to be the recipient of the package?

The Canton woman whose throat was cut has been released from the hospital. Her husband has been apprehended and was arraigned on charges stemming from the attack.

## Same Day or Next Weekday Appointments

When you're sick or hurt, you want to see a doctor as soon as possible. Oakwood Healthcare System provides you with the care you need that same day or next weekday. For an appointment with a family practitioner, internal medicine doctor, pediatrician or a growing list of medical services, call 1-800-543-WELL. Based on your specific needs, you will be provided with a list of two or three Oakwood doctors. Whenever possible, we'll be happy to connect you directly to a doctor's office near you. Discover care that puts you first.

## Wayne voters face serious choices

When Wayne voters cast their ballots on April 8, the results of their choices will have long-lasting effects on the city.

The building of a new police station and the choice between renovating the current fire hall or constructing a new one are decisions which will affect not only the present, but future generations of Wayne residents and business owners.

While we favor municipal improvements and providing up-to-date facilities to police officers and firefighters, we wonder if the city has lost sight of the purpose of Downtown Development Authority funds.

The business district is in critical condition with many empty stores and shopping opportunities, other than thrift shop offerings, are dwindling. A large banking facility is exiting Wayne, and we fear that the exodus is not over.

Saving downtown should be a top priority with the Wayne mayor and council. Few townships and cities can boast a "downtown," and Wayne should be working hard to keep its downtown viable. It will not overshadow or even compete with large malls, but there is a definite need for convenient shopping and professional services for the residents of Wayne.

We differ with a past elected official who said that the city did not need commercial development because "we have Ford." We see a need for balance between residential, industrial and commercial growth to provide the best environment for future growth, and the maximum services and conveniences for residents.

The passage of Proposal A would provide 1.5 mills for the construction of a new police station and fund additional officers for the city. We believe approval of this proposal would be in the best interest of the residents and businesses of Wayne. A larger facility is needed to accommodate the department's needs in the 1990s and beyond, and additional officers are needed to fill the ranks to, at least, the level of 1976.

We, however, have some reservations.

The present location, next to the 29th District Court, is a ideal site for the police station for security reasons and we have misgivings about moving police headquarters to another location.

Obviously, there is a considerable savings in time and manpower when suspects are brought to the court for arraignments or hearings. The transportation of prisoners is a considerable expense, even from one point in the city to another.

Also, the proposal has been promoted as "not raising taxes." To a point, this is true, but when the 1.5 mill road tax expires this year, the tax rate would roll back 1.5 mills. If passed, the replacement of the road tax by the police millage will hike taxes by 1.5 mills for 20 years.

We see no reason to amend the Retirement System provision proposed in Proposal B. Changes can be amended by a vote of the people or through the collective bargaining process, and that process can continue without undue hardship on the city or its employees.

As for the fire station proposals, we believe Proposal E would be the best choice for the Fire Department and the people of Wayne.

First, the old station is located in an inconvenient place without adequate space for the maneuvering of large fire vehicles, and, secondly, the inside of the station does not have sufficient room for the firefighters, their equipment and their offices. We do not recommend Proposal D, which calls for renovation of the present building, for these reasons.

We believe that the city can find a more suitable location for a new fire station than the Wayne Road-Clinton-Forest proposed in Proposal C. Apart from the brouhaha over the preservation of the Chamberlain House, we believe that it would be better if a less controversial site was chosen south of Michigan Avenue. As opponents of Proposal C have pointed out, there is an abundance of vacant land available in Wayne for a police or fire station or both.

A great deal of resentment remains in the city over the past "urban removal" projects that gutted Wayne and destroyed many of its older homes. A compromise site that would allow the Chamberlain House to remain would benefit all parties in the long run, we believe.

## Hail to the chief

Along with the elected officials and residents of Sumpter Township, I was sorry to hear that Police Chief Clinton Brown will be retiring as of June 1.

He is one of the finest police officers that I have had contact with during my career as a reporter/editor, and I admire Brown because of his dedication, honesty, work ethic and straightforwardness.

He has earned the respect of everyone who knows him, especially those who knew him at the time that Sumpter Township was going through a difficult financial period.

Just before the present supervisor was elected, the police department had only five full-time officers to cover the 36-square-mile township. The budget was tight and there were no funds to hire additional officers, so the five officers, including the police chief, put forth additional effort — above and beyond the call of duty — to protect the citizens of Sumpter Township.

It was at this time that I became acquainted with Brown, and we had many conversations about the lack of manpower and equipment in the department. None of the conversations included any remarks from the police chief about being overworked or underpaid. Instead, he talked about continuing to do his job to the best of his ability and hoping that the township's finances would improve to fund more officers.

Supervisor Marvin Banotai remarked after Brown's announcement that over the years he has had to awaken the police chief many times during the night for emergencies. I'm sure that there were

Reflections  
Joan Dyer-Zinner

countless times that the short-handed department had to call in their chief when emergencies arose, and at each call, Brown was there to lend his aid.

During that period, I saw the Sumpter police chief on road patrol many times, stopping vehicles to issue citations and patrolling the back roads of Sumpter Township — not the usual duties performed by the head of a police department.

In addition to all of the hard work, pressure and stress involved in heading a police department, Clinton Brown also faced another challenge in recent years. He was forced to defend his department and his officers against ugly and unwarranted charges.

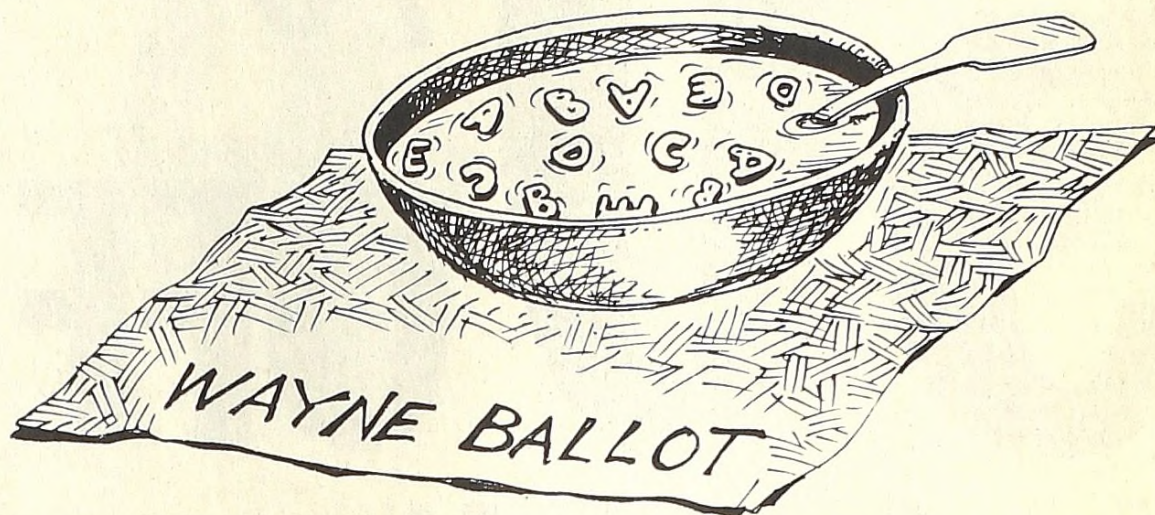

Even though an outside investigation revealed that the charges were without foundation, the police chief spent a great deal of time documenting the day-to-day performances of his officers and staff members in order to defend them against the false charges. Using the time that would have been better spent performing law enforcement duties, according to the members of the Township Board and the police chief.

In a period when frivolous litigation is common, and charges — no matter how preposterous — against police departments are given widespread publicity, the ordeal that Brown endured is all too common. Compounding the ordeal was the fact that in order to prevent adding more fuel to the fire, Brown was obliged to remain silent.

The timing of his departure is indicative of the way Clinton Brown performed his duties since he was hired in the early 1960s and became police chief in 1978.

Brown stayed on the job all through the difficult days — the lack of manpower, the meager police budgets and the unwarranted charges. Then, when the department finally is in good condition, he steps down.

It will not be easy to fill Clinton Brown's shoes.

## Vote no on 'A'

To the editor:

Quit wasting my money!

I cannot believe I haven't heard a huge uproar over proposal "A" that will be voted on in the upcoming April 8th special election by the citizens of Wayne. Are we all mindless sheep in this town, following wherever the Council leads? I have heard City officials saying it is not a tax hike. Bull! If I vote yes on "A" my taxes will be 1.5 mills more than if I vote no.

The City custodians would now have us believe that they need more money to build a new police station and hire more police officers. I say at best they're half right. We may need the building and the officers, but they have no business asking for more of my money.

Every year I get a raise where I work. Every year the city of Wayne gets a raise. When my property tax assessment goes up, they get more money. Some years it is more than others; same as my raises at work. If I went to my boss and said, "Hey, my kid needs braces. It is really important, and worthwhile, but it is going to cost more than I can afford right now. So Boss, I need you to pay me more money this year." My boss, your boss, anybody's boss would probably start laughing. Any boss would explain that you already receive a fair wage. How you spend it is up to you. If the braces were necessary and important, you should save up or borrow the money, or change the way you currently spend the money you receive.

Well City Council, you already receive a fair portion of my money. You get a raise most every year, because my property tax assessment goes up most every year. If we need more police officers, then we'll have to do with less of something else to get them. Be both fiscally and morally responsible! Make some cuts somewhere else. Change the way you spend

## LETTERS

what you already get. Do not come to me saying, "We do not have enough money, and it is for a good cause" when the reason you do not have enough is because you have frittered away my money on other things.

If we need a new police building so badly, why is it the very last City building you have decided to build? The current police building has been standing for longer than I've been on this planet. If we need a new one, this need did not sneak up on us this year. You have taken money that could have been spent on a new police building and spent it on a new DPW building, a new court, a new City Hall, a new pool and a new library. My understanding is that our taxes will (or maybe already have been) raised 3/4 to 1 full mill to operate the library. This will be done without a vote, because the law says you can do that for a library. You have purchased parking lots (all those behind Leo's Jewelry) and put the City in the movie business by purchasing, renovating and operating the State Wayne. I hear you may be purchasing the parking lots behind Cobb Pharmacy. Money has already been set aside to build a new Fire Station.

If we really need a new police building, then why have you spent money on all these other things? If your priorities are that far out of whack, I definitely do NOT want to give you any more of my money to spend!

On top of all that, I understand our local school system may be asking for more money. The Governor is also talking about a millage increase for education and the county wants more money for roads. I only have so many dollars to give. Just like me, if you want to spend more on something (a police building) you'll have to spend less somewhere else. Do not ask me for any more money!

I urge all of you — vote No on

proposal "A" on April 8th!

B. Wright  
Lifetime Wayne Resident

## Economics of chaos

To the editor:

Washington Post columnist George Will has noted that the Balkan States have always produced more history than they could consume locally.

In 1914 the shooting of the heir to the Austrian throne in Yugoslavia was the spark that started World War I. The assassination and the resulting war and its dubious peace quite simply mapped out the future course of the 20th Century.

Now at the end of the 20th Century the collapse of Albania into economic chaos may presage events that could truly define the course of history in the Post-Cold War era.

The victory of capitalism over socialism has set the whole world speculating. Stock markets are soaring globally. We have forgotten the great speculative bubbles of the past. The gold standard is history. The very definition of money has been changed.

Trillions of dollars of "bubble money" have been created - while in Europe unemployment and under-employment are at levels unseen since the 1930s. These are dangerous statistics!

Herbert Hoover always believed that the Great Depression started in Europe then moved to the United States. He was probably right.

We should be watching Europe carefully. Albania could be a preview of the Economics of Chaos that might infect the entire world economy when the "bubble burst."

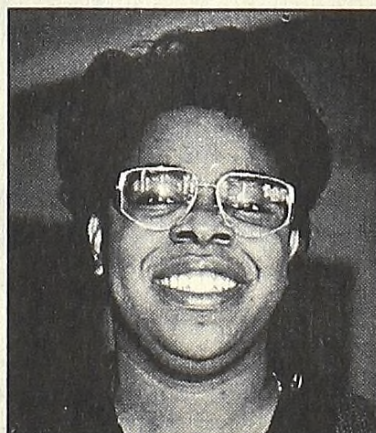

Remember Albania!

### New fire hall needed

To the editor:

As the April 8, 1997 special election, gets near the voters of Wayne, need to move the city of Wayne forward. Residents should support the building of a new fire station. A new fire station will add a new, good looking building in our town, it will solve the problem of the small, out of date, present fire station. For \$2.9 million we can have a new building to be proud of a building that will last for fifty or more years, a state of the art fire station. Rebuilding the present station at a cost of \$2.6 million, is only putting a plug in the leak, this will not fix the problems with the present station. It would be a waste of tax dollars, as in a short time span, the building would need attention and money again.

For the residents who say the present station was in the right place 45 years ago, what's wrong with that location today. Let's go back 45 years, the present station which was built for \$110,000 and was not built in the proper place in 1952.

The Fire Department in 1952 was the Wayne Nankin Fire Department serving the village of Wayne and Nankin Twp., an area of 42 square miles. The present station was built in the area of Wayne Nankin where most of the population lived at that time. There were two fire stations in Nankin both which were manned by volunteer firefighters, one at Dorsey and Grand Traverse and one at Ford and Wayne Road. In 1952 the Wayne Nankin Fire Department responded to 543 runs,, 198 in the village and 351 in Nankin Township, the Village population was 4223, the Fire Department only offered two services in 1952, Fire Suppression and Fire Prevention.

In 1996 the Wayne Fire Department services a popula-

tion of 20,000 residents and responded to 1,911 runs 420 fire's 1491 medical runs and offers many services to the community in 1996. The city of Westland Fire Department responded to 7270 runs, 6059 medical runs and 1211 fires in 1996 and services a population of about 92,000 residents, a big change for both departments in 45 years.

Do the right thing, vote to support a new fire station. Remember if you call Wayne Fire Department they will be at your emergency in minutes, the fire fighters will be there to help you. Support them, allow them to live in a nice new building the 25 to 30 years they serve you.

Richard Story Sr.  
Wayne

### Economic speed limits?

To the editor:

Federal Reserve Chairman Alan Greenspan has set himself up as our "economic traffic cop." In this capacity he has taken on the job of re-writing our "economic rules of the road."

First Rule: Speed limit for Wall Street investors and speculators—100 miles per hour.

Second Rule: Speed limit for Main Street businesses and retailers—40 miles per hour.

Third Rule: Workers and wage earners allowed to drive only on the shoulder with four flat tires.

How long will this last? Probably until Wall Street does what all speeders eventually do. They crash!

At that time we will convene a blue ribbon commission and change the "economic rules of the road" so they will be fair to everybody.

Walter Warren  
Westland

### Supermarket criticized

To the editor:

Recently the City of Wayne and the Wayne-Westland postal service lost a great friend and employee. Charlie was much loved by all, as evi-

dence showed in the great showing of friends and fellow employees.

On March 15, Charlie's memorial service was held at St. Mary's Church in Wayne. The Postal Service and his fellow employees attended this service at noon time in their mail trucks. How very kind it was to see so many attend.

However what a shadow in bad judgment it was when an employee - possibly management of the Save-A-Lot store, went out into their parking lot and was making everyone move the mail trucks.

I'm sure a one hour memorial service was not going to destroy your business. Besides I have shopped at your store many times and I have never seen over 8 or 10 cars there at one time. I have to question - does our close-knit city really need a merchant like this in our community? I for one will not shop your store again.

So, to the friends and family of Charlie, your act of unkindness will not alter the love and respect we have for him. By the way Farmer Jack's was in that same location for years, and they would have never showed such disrespect.

Janice Elkins

### Thanks for help

To the editor:

Please accept my sincere appreciation for the very fine support your papers have given to The Salvation Army Adult Rehabilitation Center Program. The article which appeared on Thursday, March 20th, in the Wayne Eagle concerning our new thrift store location was a great boost to us during this relocation period. I really thank you for all you do.

Major Brian Merritt

### Letters sought

Letter of 400 to 450 words may be submitted for publication on the Opinion Page. Letters which are longer may be edited to a shorter length.

Letters to the editor may be sent to MCN, 35540 Michigan Ave., Wayne, Mich. 48184.

## State takes disciplinary action

In March, the state Department of Consumer and Industry Services took action against a number of businesses.

After an investigation of complaints from the public, the following actions were taken:

- Dale Winston Barnhart d/b/a Barnhart Construction of Canton, \$2,500 fine, restitution of \$2,000 complaint and \$25,000 cash or surety bond. The builder was charged with fraud, deceit and dishonesty in practice and abandonment without legal excuse.

- Blender's Barber Shop of Detroit, Johnnie McQuitter, owner, was fined \$1,000 for operating a barber shop without a license and permitting an unlicensed person to perform services.

- C and C Building Co. of Novi, Costa J. Charnas, was fined \$500 and received a letter of censure for failure to file Articles of Incorporation and poor workmanship.

- John Costa Charnas of Novi was fined \$500 and received a letter of censure for poor workmanship.

- George Darmis Jr. of Monroe was fined \$2,000 and a \$10,000 cash or surety bond

was required for commission of an act demonstrating incompetency, abandonment without legal excuse, failure to correct a complaint within a reasonable time and failure to adhere to standards of construction. The same individual was fined \$2,000, and ordered to satisfy a judgment of \$2,864.93 entered in 1st District Court for the same reasons omitting the last.

- Howard Emmer d/b/a Aluminum Construction Co. of Berklely was fined \$200, but neither admits or denies charges set forth in a formal complaint.

- Italo-American Building Corp., Antonio DiFederico and Building Company of America in Farmington Hills, was fined \$2,500 and ordered to pay restitution of \$6,000 to complainant. He also received a letter of censure for failure to correct a complaint within a reasonable time.

- Todd A. Kopke d/b/a Todd Kopke Construction of Monroe was fined \$500 and ordered to pay restitution of \$192.71 to complainant for abandonment without legal excuse, failure to acknowledge complaint as justified and failure to reduce

changes to the contract to a writing, initialed and dated by parties.

- Bradley William Lezotte of New Boston was fined \$1,000 and ordered to pay restitution of \$4,000 to complainant for failure to correct complaint within a reasonable time and failure to adhere to standards of construction.

- Robert Louis Loveland Jr. d/b/a Loveland Construction of Detroit was fined \$1,200 and ordered to pay \$3,050 restitution to complainant due to poor workmanship.

- Sturdy Homes Company of Detroit, Bruce Howard Tobin, was fined \$500 for poor workmanship.

- Todd M. Tanck, Tanck Carpentry of Novi, was ordered to satisfy all liens and his license was suspended pending the payment of the liens for diversion of funds or property, failure to account for or remit money belonging to others and failure to satisfy liens.

- Nicholas Exahros of Livonia, real estate broker, was fined \$500 for failure to provide sellers and/or buyers with a written agency disclosure.

## Dogs wanted for annual Mutt Derby

If your dog loves to run, the Michigan Humane Society (MHS) invites you to enter him in the 14th Annual Rosey's Grand Mutt Derby to be held at Eddie Edgar Sports Arena in Livonia. Dogs of all shapes and sizes can compete in the 60 yard races to their owners. Competitors are divided into five different categories based on size. The class winners then compete for the Grand Mutt Championship.

Derby day is Sunday, April 27, and begins with check-in at 12:00 noon. The race begins at 1:30 p.m. All dogs must have a commercially accepted collar and leash and a state, county

Derby day is  
Sunday, April 27,  
and begins with  
check-in at 12:00  
noon.

or city license. Proof of rabies, distemper and parvo virus vaccination is required at check-in.

Official entry forms are available at any MHS location in Detroit, Rochester Hills or Westland. Entry fee is \$7 per dog, and non-racers are invited to come watch the fun for a general admission of \$3.00. For more information, please call (313) 872-3400.

All proceeds from the Mutt Derby will benefit the over 53,000 homeless and injured animals cared for each year by the Michigan Humane Society, a private, non-profit organization dedicated to serving animals since 1877. MHS operates three full-service shelters and charitable animals hospitals in the metro Detroit area.

## Tiger chaplain talks at Good Friday breakfast

By AL POST  
MCN Staff Writer

"Don't let your family get stranded at third base—wave God into your home(plate)," Detroit Tiger chapel coordinator Jeff Totten told more than 300 Christian men last Friday morning.

Totten filled his talk with sport analogies as he appeared at the 22nd Annual Christian Men's Good Friday Breakfast at St. Michael's Lutheran Church in Canton.

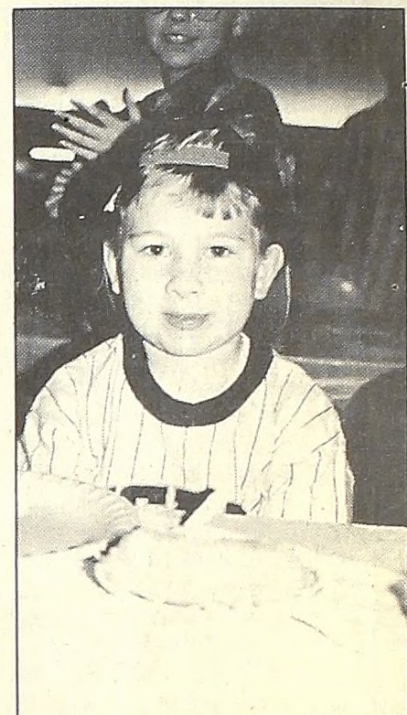

Totten revealed major league baseball chapel services began in the 1960's and then blossomed throughout both leagues a decade later.

In Detroit such religious services are conducted before Sunday home baseball games with the visiting team's services being held in the team's washroom and the Tigers is offered in their weight-room.

Usually about 10 visiting players attend the chapel services in Detroit, Totten said,

*The key thing about first base is you learn that God loves you.*

- Jeff Totten

Blake Abbey, 5, enjoyed pancakes and orange juice at the breakfast. MCN photo by Joan Dyer-Zinner

and about 13 Tigers gather for theirs.

Totten said he often tells those gathered in the visitors' washroom "it is plain to see we have plenty of sinks, showers and urinals here. So we can provide a wide variety of baptismal styles."

"Three types of athletes attend the chapel sessions," Totten said. "They include (1) committed Christians, (2) so-called religious men and (3) those who feel if they attend they will get three hits that day."

"If they do get three hits, you know they will be back," he chuckled.

In recent years some of the top Tiger Christians have been Frank Tanana, Mike Moore, Travis Fryman and long time Tiger announcer Ernie Harwell.

He listed Bobby Richardson, Joe Carter and John

Wetteland (last year's world series star) as some of the most motivated Christians on visiting teams.

One of the reasons for programs such as major league chapels and Home Plate Outreach (a program that allows professional athletes to share their faith with others) is the fact that 80 percent of big league players get divorced after their playing days are over, Totten said.

During the questioning part of his program, Totten was asked if he could give those in attendance any "extra hope for the Tigers in 1997?"

Totten quickly retorted "I don't take credit for the Tigers' wins and thus don't ask to be

Continued from page A-10

blamed for Detroit's 1996 season," when they lost 109 games.

Totten, who also serves as pastor of Grace Baptist Church of Birmingham, concluded his talk by outlining a run about the bases in baseball.

"The key thing about first base is you learn that God loves you," Totten said.

"Second base is not such good news. You learn that all of us have sinned and fallen short of the glory of God," he added.

Third base is exciting (particularly on Good Friday) when we are strongly reminded that Christ died for our sins, Totten said, "and marked our bill paid in full."

Then Totten told those in attendance that they "don't place any more runs on the scoreboard for your team when you reach third base!"

He then stressed that grandfathers, fathers and sons need to take on the role of the most successful third base coaches and wave God into their families' lives.

The age of those in attendance at the interdenominational service ranged from six to 88. It also was revealed the breakfast attracted men from 19 Wayne County communities.

## Calendar

Continued from page A-5

ary will host their annual Wayne and Westland Firefighter Awards banquet April 19 beginning at 7 p.m. The event is catered and the public is welcome, tickets are \$10. For more information about the program please telephone Bessy Bell at 326-6524.

**CATHOLIC ALUMNI CLUB DETROIT**—is a non-profit organization for single Catholics, age 21 or older, who have earned a bachelor's degree and are free to marry in the Catholic Church. CACD has approximately 250 members throughout the metro Detroit area and offers a large number and variety of activities, including religious, cultural social, athletic and intellectual events. Please contact Julie at 271-4213 or Tim 676-8966 for more information.

**BLOOD DRIVES**—Share in the joy of giving - give blood. To make an appointment call 1-800-GIVE-LIFE.

**LIVE, LOVE, LAUGH**—Single parenting in a married world will be the discussion by Jacque Martin-Downs, MSW, ACSW and Doug Bin-

gham, Livonia Civic Center Library 32777 Five Mile Road in Livonia. One mile north of I-96 Farmington Road Exit. Cost \$5 per person. Reservations can be made by calling (313) 261-3760 ext. 100. Future Live, Love, Laugh sessions, call for information. Cost is \$3 person (call for group rates) extension 100 (313) 261-3760.

**13TH CONGRESSIONAL DISTRICT DEMOCRATIC PARTY**—organization sponsors a bingo on Thursday evenings beginning at 6:30 p.m. at the MJ Hall, in Wayne located next to the Farmer Jack on Michigan Ave. and Elizabeth St. The group serves the entire Western Wayne County area. For further information please call Dick McKnight at 421-1517.

**TOASTMASTER INTERNATIONAL**—host meetings for people interested in becoming better thinkers, listeners and better speakers. The Holy Smoke Masters Toastmasters Club, is the world's leading public speaking program. Regular meetings begin at 6 p.m.; Denny's Restaurant of Westland located on Wayne Road and Cowan.

**GOLDEN HOUR CLUB**—in Wayne enjoys cards, travel, friends and fun. A pot luck luncheon/business meeting takes place 10:30

a.m. every Thursday for seniors 55 years old and older. For more information call the Wayne Senior Services Office at 721-7460.

**SOMETIMES TRAVELLERS** offers travel to very unique places with old and new friends. All the details of the various excursions are taken care of by the Wayne Senior Services Office. For information on the next trips or to join Sometimes Travellers call 721-7460.

**RED CROSS OFFERS PRE-MARITAL**—health counseling to help couples meet the state requirements for a marriage license. Michigan law mandates premarital counseling so that engaged couples learn about sexually transmitted diseases and HIV/AIDS prior to marriage. The hour-long session is taught by a Red Cross-certified instructor at service centers throughout the tri-county area. The \$12 fee benefits other Red Cross services in southeastern Michigan. For further information and to make reservations call (810) 967-0336.

**PLYMOUTH-CANTON JAY-CEES**—will meet at 8 p.m. the fourth Thursday of every month at the Plymouth Cultural Center. For further information, phone 453-8407.

MICHIGAN COMMUNITY NEWSPAPERS

## CHRISSY HARKLESS

Westland John Glenn senior Chrissy Harkless used her height to her team's advantage this year. At 5'10", Harkless made life miserable for other teams. She registered 296 kills, 92 block solos, 24 block assists, and 165 digs. "Chrissy is an excellent all-around player," Rockets coach Stacy Graham said of the All-Division player. "She has a huge block, along with great offensive and defensive skills."

1997  
ALL-AREAWOMEN'S  
VOLLEYBALLAnderson selected  
Coach of the Year

In his sophomore year as a coach, Steve Anderson got his message through to his team.

"Play smarter, not harder," is the motto of the Plymouth Canton volleyball team. "I don't believe in the 'run till you puke' method of coaching," Anderson said. "I get through to them mentally, and I don't punish their mistakes physically. I think, if they make a mistake, it's more beneficial to spend more time with them to correct their mistakes. Every kid who leaves this program should be able to coach a freshman team. They know the skills, including defense and offense, they need to play the game."

Anderson credits this mental approach to why his team had so many great accomplishments this year.

The Chiefs finished the season with a 35-10-2 record, winning the most games ever in Canton history. The women also won their first division championship in the Western Lakes. This was the first title in 18 years for Canton volleyball. Anderson reports that the team broke all of the former records for volleyball at that school.

"I'd love to say it was all my coaching that was responsible," Anderson said. "Any coach who says it was all in the coaching is not coaching for the team, they're coaching for themselves. If you don't have the horses, you can't pull the cart. I think the coach can lead them in the right direction, but, unless you have the kids, it's not going to happen."

The Chiefs, whose tallest player is 5'9, finished third in the league behind two teams who had at least two players over 6' tall. "They had to play a superior mental game to win," Anderson said. "And that's what they did."

Although this is just his second

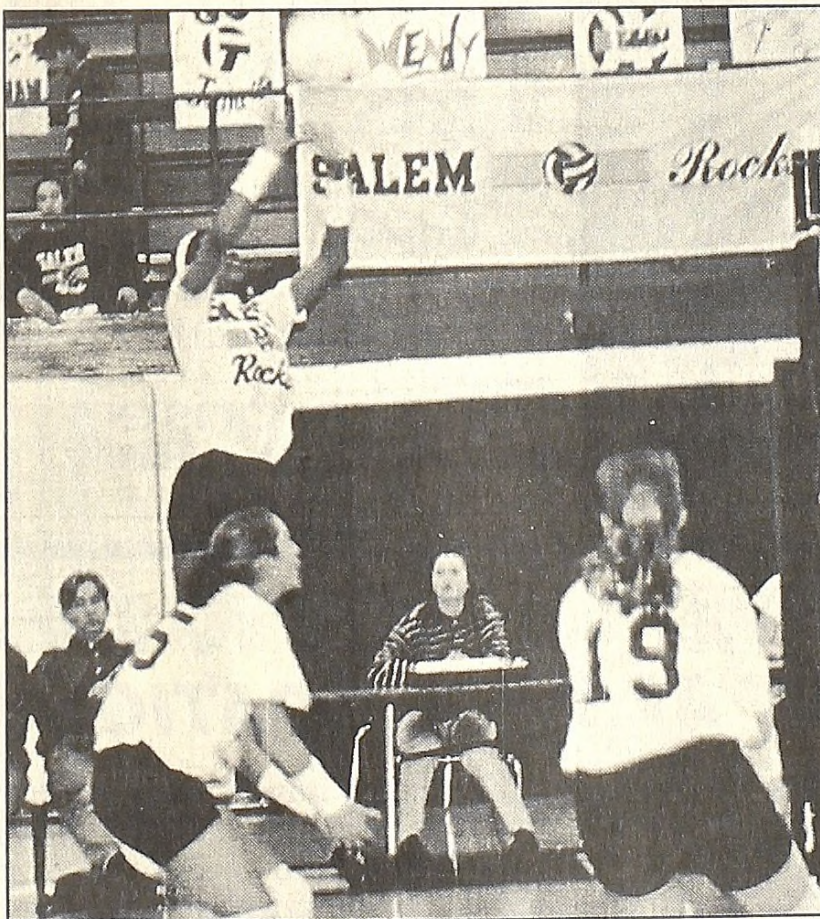

Steve Anderson

year as Canton's coach, Anderson has been the assistant coach at Henry Ford Community College for five years. He has also played in the Men's Open AA League for eight or nine years.

Anderson said that being part of the league taught him the most about the sport, but being an assistant coach at the college taught him about coaching youth sports.

Anderson, who graduated from Livonia Stevenson, lettered in soccer at the school. "It's a great sport, but it's not what I was looking for," he said. "I enjoy the team aspect of the game. In baseball, if you've got a hot pitcher, that's the star of the game. In football, a great running back could be the star of the game. Volleyball is unique. You must have more than one player touch the ball on each play. No one man can do it all."

"Volleyball is much more technical than it looks on the floor," he added. "You have the back floor, the mid-court, substitutions. It becomes a chess game when you're the coach. It's more mental than a lot of other sports I've coached."

## Honorable Mention

## Westland John Glenn:

Beth Bussard, Rebecca Harden, Jamie Barker

## Plymouth-Salem:

Jennie Storm, Kristie Giddings, Laine Sterling, Andrea Pruett

## Plymouth Canton:

Courtney Wells, Stephanie Chefan, Brandi Bernard

## Belleville:

Randi Goodin, Melisa Parent

## Wayne Memorial:

Kristin Kehrner, Kristin Bull

Romulus: Melissa Plave, Melissa Kufel

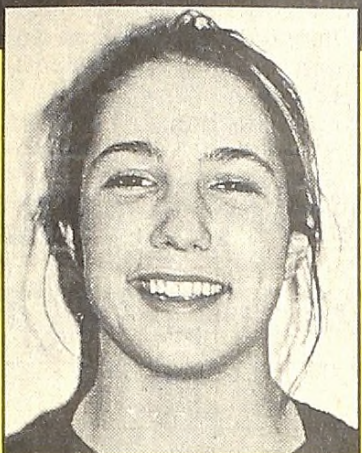

## JAMIE ROMEJ

Westland John Glenn's Jamie Romej proved why she is one of the best setters in the state, racking up 567 assists for the year. Romej, a senior, averaged 5.4 assists per game, and served for 90 percent. Defensively, she had 234 digs, and was given honorable mention by the Western Lakes Activities Association. "She's incredible on defense," said Rockets' coach Stacy Graham. "She does a great job reading the court and playing the ball."

## JENNY TROTT

With 367 kills, 362 digs, 70 aces, and a 90 percent serve-serve, Jenny Trott earned her position on the third team All-State. A junior outside hitter, Trott served as one of Plymouth Salem's tri-captains this year. "She's an all around player," said Rocks' coach Allie Suffety. "She is one of the best passers in the area. In fact, she is one of the top 10 passers in the state, and she will just continue to get better as a player."

## JESSICA ORLEMAN

Named to the All-Western Lakes Conference team, Jessica Orleman was recognized for helping Plymouth-Canton achieve a record of 35-10-2—the best ever for Canton volleyball. Orleman, a senior, was also named to the All-Region Team for the state. Normally an outside hitter, Orleman found herself in the middle hitter position this year. On 1,152 attempts, Orleman had 400 kills, 78 aces, a 90.1 serving percentage.

## ROBYN GOLDEN

As a sophomore, Robyn Golden racked up some impressive numbers for Belleville. With 49 aces, 96 kills, a .281 hitting average, 273 digs, and 62 blocks, Golden was named to the All League team, and was given honorable mention for the All Region team. "Robyn is a complete package," said Belleville coach Terry Leonard. "She's excellent on defense, and she is a tremendous blocker. She has great range."

## TAMMY RAINES

The captain for Wayne Memorial, Tammy Raines flourished as a setter. On 952 attempts, Raines had 264 assists and only 11 errors for her final season. "She is an extremely skilled and talented player," said Zebras' coach Laura Fisher. "She showed that on the floor while playing. She made one of the hardest positions to play look easy because she is so good at it. She will be greatly missed next year."

## AMANDA ABRAHAM

Junior Amanda Abraham played in every game for Plymouth-Salem this year. In 136 games, she registered 454 kills (35.5 kill percentage), 83 digs, 50 aces, 125 block solos, and 79 assist blocks. A mid-blocker, Abraham has been named as a co-captain for next year. "Amanda is a player who has lettered every year she has been with us. She became our number one middle blocker this year."

## NIKKI KOVACHEVICH

At 5'3", Nikki Kovachevich was one of the best players on the Plymouth-Canton volleyball team. She registered 44 kills, 343 assists, 107 aces, and 381 digs. A senior, Kovachevich was named to the All-Division Western team. As a back court specialist, Kovachevich helped her team, as they reset all of the records for Canton volleyball. "She is exceptional on defense," said Canton coach Steve Anderson.

## BRIANNE LEONARD

Named to the All-League team, Brianne Leonard led the Belleville Tigers serving at 95 percent. This senior also registered 37 aces, 41 kills, 109 digs, 120 assists, and 15 blocks. "Brianne has very good all-around skills," said Belleville coach Terry Leonard. "She has very good hands for a setter. She's an excellent server. Being only 5'4", she's not a bad outside hitter. If she was taller, she would be awesome."

## JENNY SIKORA

A defensive specialist, Jenny Sikora set the Plymouth-Canton team record for serve-serve percentage (95.7), as well as the serving percentage (93.8). Sikora also had 77 kills, 86 aces, and 410 digs. "She is one of the best defensive players in southeastern Michigan," said Canton coach Steve Anderson. "She is very, very, very strong defensively. She is unbeatable in the back court."

## ANGIE SILLMON

As a sophomore, Angie Sillmon played in 134 games for Plymouth-Salem. In these games, she racked up 288 kills, 35 digs, 79 block solos, and 67 assist blocks. "She does things on the floor which are unbelievable," said coach Allie Suffety. "She won game two for us against Churchill at districts. She took away their offense. She really did a great job for us. Angie has the ability to turn on her game, and she's going to keep getting better."

## JENNIFER SMITH

Senior outside hitter Jennifer Smith served as a co-captain for Westland John Glenn. She made her presence felt by other teams both offensively and defensively, scoring 65 aces and 245 digs. Her hard work earned her an honorable mention from the Western Lakes Activities Association. "Jennifer's strong point is definitely in the back court," said coach Stacy Graham.

## NICOL POND

At 5'11", Nicol Pond was one of the tallest members in Belleville's line up. Using her height to her advantage, Pond, a senior, registered 19 aces, 49 kills, 320 digs, and 20 blocks, along with serving at 92 percent. "She is a good all around player," said Belleville coach Terry Leonard. "She led the team in digs. We didn't get the ball to her enough, that's why her kills are not that high."

## KARI FLYNN

"Kari Flynn is the most underrated setter in our area," said Plymouth-Salem coach Allie Suffety. Flynn, a junior, registered 54 kills, and 577 assists on 1,357 attempts for 43 percent. She also had 98 digs, 88 aces, and was 95 percent effective when serving. "Last year, we asked her to come up as a rookie and set on a veteran team," Suffety said. "This year she was a veteran on a young team. Kari is willing to do anything to make herself better."

# Westland captures mite title in hockey

Westland's Hurricanes enjoyed a memorable victory over Plymouth and an astonishing hockey season. The Hurricanes, coached by Matt Sinkovitz, posted a thrilling 4-3 overtime victory over Plymouth to capture their first Mite BB championship behind Justin Sharkey's hat trick.

The victory sealed an incredible 34-4-1 overall season for the champs.

"It's been an exciting year for us," stressed Sinkovitz, a Jackson native who moved to Westland in 1995. These kids and our staff have just been terrific."

Westland and Plymouth clashed at the Joe Louis Arena for the championship, and both teams were ready.

Westland drew first blood.

Midway through the opening period, Sharkey placed himself in his favorite spot next to goal post and slammed home Westland's first goal as Ryan Fogarty and Chris Perez who pulled a good defensive move to get the puck into the Plymouth zone, got the assist.

The Westlanders made it a 2-0 game, again thanks to Sharkey who struck again from almost the identical spot. This time the assist went to Matt Sinkovitz.

Despite trailing early, Plymouth did not turn over

Posting a phenomenal 34-4-3 overall record and with a thrilling 4-3 victory over Plymouth in overtime at the Joe Louis Arena, the Westland Hurricanes (pictured above with coaching staff) claimed its first Mite BB Hockey Championship. The memorable season was accomplished, in part, according to coach Matt Sinkovitz through the efforts of an outstanding coaching staff and a dedicated group of young players and parents. The Westland Hockey Association will be the recipients of a new championship banner to sport on the rafters of the Westland Sports Arena. Special MCN photo

and die. They fought back. The Sharks cut Westland's lead to 2-1 in the waning minutes of the second period. That put pressure on the Hurricanes, who had only a one-goal cushion to protect as the third and final period of the 1997 campaign started.

Plymouth forced the issue to an OT as they skated back and tied the game at three-all.

And that's how the regulation game ended. The issue went to a six-minute OT. If neither team scored during the extra period, the two teams would have to settle for co-championships.

But, center Kyle Ryba pushed the face off to Ryan Fogarty who drove the puck deep into the Sharks' zone. Then Fogarty and Ryba managed to elude Plymouth defenders and the puck was passed, hitting a Sharks de-

fenseman's skate.

The puck was then redirected to Sharkey, who drilled the puck passed the Plymouth goalie for what proved to be the decisive goal.

Bedlam broke out, according to Westland coach Mark Sinkovitz.

"It was wild," Sinkovitz recalled. "There were gloves, helmets and sticks flying all over Joe Louis Arena. This was our first big championship, and everyone was enjoying it."

The Hurricanes had an exceptional season for the Westland Hockey Association.

Sinkovitz said that he felt his team couldn't have reached the success it did without the coaching and managerial talent of his staff. The staff included Randy Ryba, Ken Peer, Jim Sharkey, and Mike

Krushlyn, who brought years of coaching experience to the team.

The Hurricanes scored a total of 191 goals and their goaltenders allowed only 51. Leading the team scoring at the center/wing position with 47 goals and 41 assists was Matt Sinkovitz Jr. Seated second in the points category was Ryan Fogarty, who carded 23 goals and 37 points.

"This was the first full season for both players," noted Sinkovitz.

Other Westland notables included: Darin Tracy, with 15 goals and 24 assists; Paul Litwinczuk, with 15 goals and 13 assists. Kyle Ryba accounted for 13 goals and 13 assists.

Sharkey, who provided his team with three goals in that unforgettable championship game, wrapped up the season with 16 goals.

# All-Area hoop Coach of the year coming next week

By TOM MOORADIAN  
MCN Staff Writer

If you had an opportunity to select a group of outstanding local high school basketball players who would you select to coach that team?

To assist you, we'll throw out some names of coaches for your consideration who this year had outstanding success. Here's the list - Chuck Henry (Wayne Memorial); Guy DeIguidice (Romulus); Bob Brodie (Plymouth-Salem); Danny Young (Plymouth-Canton); and Monte Dennard (Dearborn Heights Robichaud).

All of the above posted winning seasons, with each accomplished their goals this year.

Who would you pick as the Michigan Community Newspapers' Coach of the Year?

Tough question.

Indeed. And that's the question the MCN's Sports Staff will have to answer in the coming days as staffers prepare to unveil the 1996-97 All-Area High School Boys' High School Team.

The top coaches and the "Dream Team", made of of players from Wayne Memorial, Westland John Glenn, Plymouth-Salem, Plymouth-Canton, Belleville, Romulus, Inkster and Robichaud will be on these pages a week from today.

By the way, if you have a candidate for the No. 1 coach or feel MCN staffers may have overlooked your favorite player, give staff writer Tom Mooradian or Lori Gillespie a call. They can be reached during regular business hours, 9 a.m. until 5 p.m. Monday through Friday at 729-4000.

# WBA league officials extend registration

By TOM MOORADIAN  
MCN Staff Writer

Wayne Baseball Association officials announced this week that they have set aside two days for baseball registration.

Officials will accept registration for the WBA summer leagues from 10 a.m. until 1 p.m. on April 5. They also will sign up prospective players from 7 p.m. until 9:30 p.m. on April 8 at the Wayne Baseball Building, located at Second Street and Annapolis Road.

For further information,

parents or players should contact Mark E. Odom, public relations director of the WBA League.

WBA officials may be reached by dialing 722-6400.

Also, the Wayne Wolverines Little Caesar's 12 and Under Travel Team will conduct tryouts later this month, according to coach Jeff Auer.

The tryouts will be conducted beginning at 6 p.m. on April 26 at Walz Field.

Auer is your contact person, and he can also be reached by dialing 722-6400.

31525 E. MICHIGAN AVE.  
WAYNE, MI

## Ask

## Betty

Dear Betty,

My wife and I are both accountants working out of our home, and this time of year demands a lot of late nights. The problem is, instead of stopping for a proper meal, we find ourselves snacking on all the wrong things. We need some lighter snack ideas.

Denver, CO

This is crunch time for accountants, and I for one think your hard and important work deserves a round of applause, not to mention some of my favorite ideas for wholesome quick-prep snacks. With a microwave, pop up a bag of light popcorn and sprinkle with Parmesan cheese. A microwaved baked potato is low-fat and filling; spoon in some salsa or fat-free sour cream for extra flavor. Write off the regular potato chips and invest in the baked variety or pretzels instead. And make sure a bowl of fresh fruit and ready-to-eat vegetables is as accessible as your calculator. These snack choices will deduct some serious calories from your diet, earning some long-term appreciation from your hearts and waists.

Next Week:  
CARBO LOADING

Betty Crocker

Dear Betty,

After hosting forty consecutive Seders, mother has decided to hang up her apron and pass the candlesticks to the next generation — me. I'm honored to be handed this responsibility, but nervous about planning the traditional Passover meal for 18 people. Any tips?

Encino, CA

Tradition is such an important part of keeping families together. It binds one generation to the next, and gives all of us a sense of who we are and where we come from. Your mother is not only expressing her love, faith and trust in you, but also participating in a rite of passage that links mothers to daughters across hundreds of generations. Now is the time to sit down with mom and ask to share her wisdom. Start by working out a detailed schedule, with an eye toward preparing as many of the dishes as you can in advance, starting the week before the event and leading right through the day of. Compare your kitchen resources with your mother's and plan accordingly. One word of caution: when cooking for a crowd, don't just multiply your recipes to reach 18 servings — that doesn't always yield the same result. You're better off making three standard recipes that serve six.

## Lunch bunch

This week, the Lunch Bunch were out again dining at favorite restaurants and trying some new ones:

### LUNCH BUNCH DINING REPORT

**Rally's:** A good place to pick up a burger for lunch, but why is there only one line open at lunch time?

**Captain Nemo's in Wayne:** Great subs with lots of meat inside. Also, the salads are good and reasonably priced.

**Blazo's:** Their pies are "to die for." Our Lunch Bunch crowd like the Dutch apple and peach, but all of them are excellent. Try a hamburger there for lunch. P.S. The waitresses are friendly and funny!

**Leright's in Westland:** How could it happen? One of the Lunch Bunch was served cold

mashed potatoes and gravy last week. Hope that was just a rare slip-up from a restaurant that's usually very good.

**Wayne Coney Island:** We like the spinach pie and, of course, the Coney islands. Usually good service, but a Lunch Buncher waited a long time before being told that her lunch wouldn't be ready for another half hour -- bad news for Lunch Bunchers who only have one hour for their mid-day meal.

P.S. What do the Lunch Bunchers want? Good service, courteous and friendly servers, tasty food at reasonable prices and cleanliness. If you have some praise or criticism for a Western Wayne County restaurant that serves lunches, call Joan Dyer-Zinner at 729-4000 during regular business hours.

## Seniors dance at shopping center

Westland Shopping Center will host a Senior Citizen dance April 7 in its lower level auditorium. The dance begins at 11:00 a.m. with coffee and refreshments served at 12:30 p.m. The dance concludes at 2:00 p.m.

The senior dance is held the first Monday of every month (except when it falls on a holiday). Local community seniors are welcome and encouraged to attend.

## Unity Cathedral of Faith and Greater Hayes Christian Cathedral present!

### Keynote Speaker

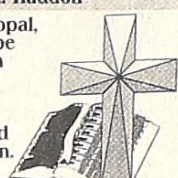

Bishop L. Herman

Suffragan Bishop Clarence & Evangelist Joyce R. Haddon

The Honorable Bishop L. Herman Diocesan of the 5th Episcopal District of the Pentecostal Assemblies of the World, Inc. Will be speaking Sunday, April 6, 1997 at the Unity Cathedral of Faith 11:00 a.m. worship service located at 8809 Schoolcraft in Detroit, Michigan and at the 3:00 p.m. worship service at the Greater Hayes Christian Cathedral located at 4010 Moore Street in Inkster, Michigan. Both churches are pastored by Suffragan Bishop Clarence and Evangelist Joyce R. Haddon. Plan now to be in attendance.

Now is the time to advertise.

CITY OF ROMULUS  
APPENDIX A - ZONING  
AMENDMENT 1.151

An Ordinance To Amend Various Sections of the Zoning Ordinance of the City of Romulus Code of Ordinances Appendix A by Adding Sections to Provide for the Establishment in the City of Romulus for the Regulation of the Height, Area, Size, and Location of Wireless Communication Facilities and Services; to Provide for Adequate Light and Ventilation for Structures; to Provide for the Administering of this Ordinance; and to Provide for Compliance with State and Federal Acts.

THE CITY OF ROMULUS ORDAINS:

Section 1. **Short Title:** This Ordinance shall be known and cited as the Wireless Communications Ordinance.

Section 2. **Purpose and Intent:**

It is the general purpose and intent of the City of Romulus to carry out the will of the United States Congress by authorizing communication facilities needed to operate wireless communication systems. However, it is the further purpose and intent of the City of Romulus to provide for such authorization in a manner which will retain the character, property values, public view, and aesthetic quality of neighborhoods and the community at large. In fashioning and administering the provisions of this Ordinance, it is the intent to balance these potentially competing interests. In adopting the regulations in this Ordinance, and in recognition of the number of providers who have been authorized to provide wireless communication services and coverage, it is the intent of the City of Romulus to fully exercise the authority granted by law relative to the placement, construction and modification of wireless communication facilities.

It is further the purpose and intent of this Ordinance to:

1. Allow the City Council and the Planning Commission of the City of Romulus to regulate and restrict wireless communication facilities and services as a permitted, special, or prohibited land use;
2. Allow the City Council of the City of Romulus to establish districts of the number, shape, and area considered best for the location of wireless communication facilities and services as permitted or special land uses, subject to conformance with applicable standards and conditions, and to establish districts of the number, shape, and area within which wireless communication facilities and services are a prohibited land use;
3. Provide for regulations within those established districts which may be imposed designating the uses for which wireless communication facilities and services shall or shall not be erected or altered, permitted or excluded, or subjected to special regulations;
4. Ensure that wireless communication facilities and services are situated in appropriate locations and have appropriate relationships to other land uses, structures, and buildings, and to limit inappropriate physical and aesthetic overcrowding of land activities with adverse impacts upon existing population, transportation systems, and other public service and facility needs from wireless communication facilities and services by regulating and limiting the establishment, placement and manner of wireless communication facilities;
5. Allow the City Council of the City of Romulus to provide by ordinance for the manner in which such districts, regulations, and limitations shall be determined and enforced or amended, supplemented, or changed;
6. Facilitate adequate and efficient provision of sites for wireless communication facilities and services;
7. Promote the public health, safety, and welfare;
8. Provide for adequate information about private plans for such wireless communication facilities and services to allow the City of Romulus to efficiently plan their location;
9. Limit and reduce the overall number of newly established locations for wireless communication facilities and wireless communication support structures within the City, and encourage the use of existing structures for attached wireless communication facilities where technically feasible through the use of colocation. Each licensed provider of a wireless communication facility must, by law, be permitted to locate sufficient facilities in order to achieve the objectives promulgated by the United States Congress. However, particularly in light of the dramatic increase in the number of wireless communication facilities reasonably anticipated to occur as a result of the change of federal law and policy in and relating to the Federal Telecommunications Act of 1996, it is the policy of the City of Romulus that all users should colocate on attached wireless communication facilities and wireless communication support structures in the interest of achieving the purposes and intent of this Ordinance;
10. Minimize the adverse impacts of technological obsolescence of such wireless communication facilities and services, including a requirement to remove and/or convert unused and/or unnecessary facilities in a timely manner;
11. Minimize the adverse impacts from the presence of relatively tall towers having low architectural and other aesthetic appeal to most persons, recognizing that the absence of regulation would result in a material impediment to the maintenance and promotion of property values, and further recognizing that this economic component is an important part of the public health, safety and welfare. The City of Romulus finds that the presence of numerous tower structures, particularly if located within residential areas, would decrease the attractiveness and destroy the character and integrity of the community, which would in turn have a negative impact upon property values;
12. Minimize visual pollution of the public view and view sheds;
13. Minimize the negative visual impacts of wireless communication facilities and services on neighborhoods, community landmarks, historic sites and buildings, natural beauty areas, and public rights-of-way. This contemplates the establishment and use of as few structures as reasonably feasible, and the use of structures which are designed for compatibility including the avoidance of lattice structures that are unnecessary, taking into consideration the purposes and intents of this Ordinance;
14. Recognize that the public view and the view from sites and buildings is a major economic component of a property's value;
15. Recognize that operation of a wireless communication system may require the establishment of facilities in locations not within the predetermined zoning districts. In such cases, it has been determined that it is likely that there will be greater adverse impact upon neighborhoods and areas within the City. Consequently, more stringent standards and conditions should apply to the review, approval and use of such facilities;
16. Provide for the submission of as-built drawings to the City of Romulus with clearly identified and certified capacity for colocation and addition of equipment to facilitate the planning and administration of wireless communication facilities and services;
17. Provide for the submission of adequate cost, price and market information to permit administration of colocation; and
18. Permit the City of Romulus to develop community-wide plans for such wireless communication facilities and services.

Section 2. **Definitions**

The following terms and definitions are hereby added to Article II, Definitions, Section 2.02, Definitions, of the Zoning Ordinance of the City of Romulus, and shall read as follows:

Attached Wireless Communication Facility (Antennae): Any wireless communication facility affixed to an existing structure, such as a building, tower, water tank, utility

pole, etc., utilized to receive and transmit federally or state licensed communications services via dually licensed segments of the radio frequency spectrum. This definition shall not include support structures.

Wireless Communication Facility: All facilities, structural, attached, accessory or otherwise, related to the use of the radio frequency spectrum for the purposes of transmitting or receiving radio signals and may include, but is not limited to, radio and television towers, telephone devices and exchanges, microwave relay towers, telephone transmission equipment buildings, and commercial mobile radio service facilities. Not included within this definition are: citizen band radio facilities, short wave facilities, ham and amateur radio facilities, television reception antennae, satellite dishes, and governmental facilities which are subject to state and federal law or regulations that preempt municipal regulatory authority. A wireless communication facility shall not be included under the existing definition of "essential services."

Wireless Communication Facility - Colocation: The location by two (2) or more wireless communications providers, public authority or other dually authorized party of wireless communications facilities on a common structure, tower or building, in a manner that reduces the overall need for additional or multiple freestanding single use communications facilities and/or support structures within the City of Romulus.

Wireless Communication Support Structure (Tower): Any wireless communication facility erected or modified to support attached wireless communication facilities, or other antennae or facilities, including supporting lines, cables, wires, braces and masts intended primarily for the purpose of mounting an attached wireless communication facility or similar apparatus above grade. This includes, but is not limited to, any ground or roof-mounted pole, monopole, lattice tower, light pole, utility pole, wood pole, guy wired tower, spire, other similar structure or combination thereof, or other structures which appear to be something other than a mere support structure.

Section 4: **Wireless Communication Facilities and Services**

Section 4.11, Commercial Television, Radio, Public Utility, and Microwave Towers, of Article IV, General Provisions, of the Zoning Ordinance of the City of Romulus, is hereby repealed in its entirety and replaced with Section 4.11, Wireless Communication Facilities and Services, and shall read as follows:

Section 4.11 Wireless Communication Facilities and Services

A. In the following circumstances, a proposal to establish a new wireless communication facility shall be deemed a principal permitted use, subject to site plan review and the conditions set forth in subparagraph (D) below, and if approved, constructed and maintained in accordance with the standards and conditions of this Section.

1. Attached wireless communication facilities within all RMH, RC, O-1, O-R, C-1, C-2, C-3, BT, M-1, MT-1, M-2, MT-2, and AP districts only, where the existing structure is not, in the determination of the Planning Commission, proposed to be either materially altered or materially changed in appearance.

2. Colocation of an attached wireless communication facility which has been pre-approved for such colocation as part of an earlier approval by the Planning Commission.

3. Attached wireless communication facilities consisting of a utility pole located within a public right-of-way, where the existing pole is not proposed to be modified in a manner which, in the determination of the Planning Commission, would materially alter the structure and/or result in an impairment of sight lines or other safety interests.

4. Monopole wireless communication support structures in RC, O-R, C-2, C-3, M-1, MT-1, M-2, MT-2, and AP districts only.

5. All wireless communication support structures upon municipally owned sites in RC, O-R, C-2, C-3, M-1, MT-1, M-2, MT-2, and AP districts only.

6. All wireless communication support structures established within a public right-of-way having an existing width of more than two hundred four (204) feet.

B. Wireless communication support structures upon non-municipally owned sites are permitted as a special approval use only upon site plan review approval, subject to the conditions hereinafter imposed in subparagraph (D) below, and subject further to the special approval procedures of Article XXVII, in all RC, O-R, C-2, C-3, M-1, MT-1, M-2, MT-2, and AP districts only, and if approved, constructed and maintained in accordance with the standards and conditions of this Section.

C. If it is demonstrated to the satisfaction of the Planning Commission by an applicant that a wireless communication facility may not reasonably be established as a principal permitted use under subparagraph (A) above, or as a special approval use under subparagraph (B) above, and is required to be established outside of a district identified in subparagraphs (A) and (B) above, in order to operate a wireless communication service, then wireless communication facilities may be permitted elsewhere in the City of Romulus by special use approval only subject to the requirements of set forth in subparagraph (D), and subject further to the special approval procedures of Article XXVII, and if approved, constructed and maintained in accordance with the standards and conditions of this Section, and also subject to the following criteria and standards:

1. At the time of the submittal, the applicant shall demonstrate that a location within an allowable district cannot reasonably meet the coverage and/or capacity needs of the applicant.

2. Wireless communication facilities shall be of a design such as (without limitation) a steeple, bell tower, or other form which is compatible with the existing character of the proposed site, neighborhood, and general area, as approved by the Planning Commission, and shall comply with the colocation requirements of subparagraph (D)(13).

3. In RE, R-1A, R-1B, and R-2 districts, and upon sites within two hundred (200) feet of such districts, site locations shall be permitted on a priority basis upon the following sites, subject to application of all other standards contained within this Section:

- a. Municipally owned sites.
- b. Other governmentally owned sites.
- c. Religious or other institutional sites.
- d. Public parks and other large permanent open space areas when compatible.
- e. Public or private school sites.

D. General Requirements. All applications for wireless communication facilities shall be reviewed, in accordance with the following standards and conditions, and if approved, shall be constructed and maintained in accordance with such standards and conditions. In addition, if a facility is approved, it shall be constructed and maintained with any additional conditions imposed by the Planning Commission at its discretion.

1. All applications for the required permit to place, construct or modify any part or component of a wireless communication facility shall include the following:

a. A site plan prepared in accordance with Section 4.04, showing the location, size, screening and design of all buildings and structures, including fences, and the location and size of outdoor equipment, and the location, number, and species of proposed landscaping, and as-built drawings for all proposed attached wireless communication facilities and/or wireless communication support structures.

b. A disclosure of what is proposed, demonstrating the need for the proposed wireless communication support structure to be located as proposed based upon the presence of one or more of the following factors:

- 1). Proximity to an interstate highway or major thoroughfare.
- 2). Areas of population concentration.
- 3). Concentration of commercial, industrial, and/or other business centers.
- 4). Areas where signal interference has occurred due to tall buildings, masses of trees, or other obstructions.
- 5). Topography of the proposed facility location in relation to other facilities within which the proposed facility is to operate.
- 6). Other specifically identified reason(s) creating need for the facility.

c. The reason or purpose for the placement, construction or modification with specific reference to the provider's coverage, capacity and/or quality needs, goals and objectives.

d. The existing form of technology being used and any changes proposed to that technology.

e. As applicable, the planned or proposed and existing service area of the facility and the attached wireless communication facility, and wireless communication support structure height and type, and signal power expressed in ERP upon which the service area has been planned.

f. The nature and extent of the provider/applicant's ownership or lease interest in the property, building or structure upon which facilities are proposed for placement, construction or modification.

g. The identity and address of all owners and other persons with a real property interest in the property, building, or structure upon which facilities are proposed for placement, construction or modification.

h. A map showing existing and known proposed wireless communication facilities within the City of Romulus, and further showing existing and known proposed wireless communication facilities within areas surrounding the borders of the City in the location, and in the area, which are relevant in terms of potential colocation or in demonstrating the need for the proposed facility. The map shall also show existing buildings and/or other structures of the same approximate height within a one-half (1/2) mile radius of the proposed site which could accommodate a feasible colocation of the applicant's proposed attached wireless communication facility.

If and to the extent the information in question is on file with the City, the applicant shall be required only to update as needed. Any such information which is trade secret and/or other confidential commercial information which, if released would result in commercial disadvantage to the applicant, may be submitted with a request for confidentiality in connection with the development of governmental policy. MCL 15.243(l)(g). This ordinance shall serve as the promise to maintain confidentiality to the extent permitted by law. The request for confidentiality must be prominently stated in order to bring it to the attention of the City.

i. For each location identified on the applicant/provider's survey maps and drawings, the application shall include the following information, if known, with the applicant/provider expected to exercise reasonable due diligence in attempting to obtain information through lawful means prior to application:

- 1). The structural capacity and whether it can accommodate the applicant's facility, as proposed or modified.
- 2). Whether property owner approvals exist or have been requested and obtained.
- 3). Whether the location could be used by the applicant/provider for placement of its attached wireless communication facility, or if not, a disclosure of the technological considerations involved, with specific reference to how use of the location would prohibit the applicant/provider from providing wireless communication services.

j. A certification by a State of Michigan licensed and registered professional engineer regarding the manner in which the proposed structure will fall. The certification will be utilized, along with other criteria such as applicable regulations for the district in question, in determining appropriate setbacks to be required for the structure and other factors.

k. A description of the security to be posted at the time of receiving a building permit for the wireless telecommunication support structure to ensure removal of the structure when it has been abandoned or is no longer needed, as provided in subparagraph (D)(16) below. The security shall, at the election of the applicant, be in the form of cash, surety bond, letter of credit, or an agreement in a form approved by the City Attorney and recordable at the office of the Wayne County Register of Deeds, a promise of the applicant and owner of the property to remove the facility in a timely manner as required under this Section, with the further provision that the applicant and owner shall be responsible for the payment of any costs and attorney's fees incurred by the City in securing removal.

l. The site plan shall include a landscape plan where the wireless communication support structure is being placed at a location which is not otherwise part of another site plan with landscaping requirements. The purpose of landscaping is to provide screening for the wireless communication support structure base, accessory buildings and enclosures. In all cases there shall be fencing of at least six (6) feet in height, which is required for the protection of the tower.

m. Evidence of site plan approval from the Federal Aviation Administration, if required due to a site's proximity to the Detroit Metropolitan Wayne County Airport, or evidence that such approval is not required.

n. The name, address and telephone number of the person to contact for engineering, maintenance and other notice purposes. This information shall be continuously updated during all times the facility is on the premises.

2. The wireless communication support structure shall not be injurious to the neighborhood or otherwise detrimental to the public safety and welfare. The wireless communication support structure shall be located and designed to be harmonious with the surrounding areas, and to be aesthetically and architecturally compatible with the natural environment, as well as the environment as altered by development.

3. The maximum height of all new or modified attached wireless communication facilities and wireless communication support structures shall be one hundred seventy-five (175) feet, or such lower maximum heights as approved and/or allowed by the Federal Aviation Administration under CFR 14 Part 77. The accessory building contemplated to enclose such things as switching equipment shall be limited to the maximum height for accessory structures within the respective district.

4. The setback of a monopole wireless communication support structure from any lot line shall be in accordance with the required setbacks for main or principal buildings as provided in the schedule of regulations for the zoning district in which the monopole is located. The setback of all other wireless communication support structures from any lot line shall be no less than the height of the structure, unless it can be demonstrated and certified by a registered professional engineer, to the satisfaction of the City Engineer, that the wireless communication support structure has a shorter fall-zone distance.

5. Where the wireless communication support structure abuts a parcel of land zoned for other than residential purposes, the minimum setback of the wireless communication support structure and accessory structures shall be in accordance with the required setbacks for the main or principal buildings as provided in the schedule of regulations for the zoning district

# Karate class boosts self confidence

By DON RICHTER  
MCN Special Writer

Are you lacking in self-confidence? Are you under a tremendous amount of stress because of work or family-related issues?

If any of these describe you, then I have a potential answer for you. Try karate.

Starting now, the Romulus Recreation Department is offering karate classes every Tuesday and Thursday, for 10 weeks. There are no gender groups and the ages are from six years old and up. Everyone is welcome.

The cost for the 10 week course is \$20 equaling out to one dollar per instruction day. That's a bargain, considering that your instructor is a Sensi third degree black belt. In

**”**  
*In 1979, when I was 12, I found out that the Romulus Recreation Department was offering karate classes.*  
**- Don Sorrell**

other words, an expert.

Don Sorrell, 31, is that expert. Sorrell, the head karate instructor for the Romulus Recreation Department has been practicing karate since he was 12 years old and he has achieved a level in karate that few have.

When asked how he got interested in karate, Sorrell said, “By watching TV. By watching guys like Chuck Norris. In 1979, when I was 12 I found out that the Romulus Recreation Department was offering karate classes, so I

signed up.

“I grew up in Romulus and got my start in karate there, so when I heard that they needed an instructor for their karate classes, I decided to offer my services. I received good, quality instruction there as a young man and I wanted to give something back.”

When asked why karate is important, he said, “It's important because it builds self-confidence and it's a great stress reliever. It also has wonderful health benefits and it teaches self-discipline. It's

good for everyone.

“In my life, it's helped me strive to meet my goals and its given me the discipline to stick to my goals and achieve them.”

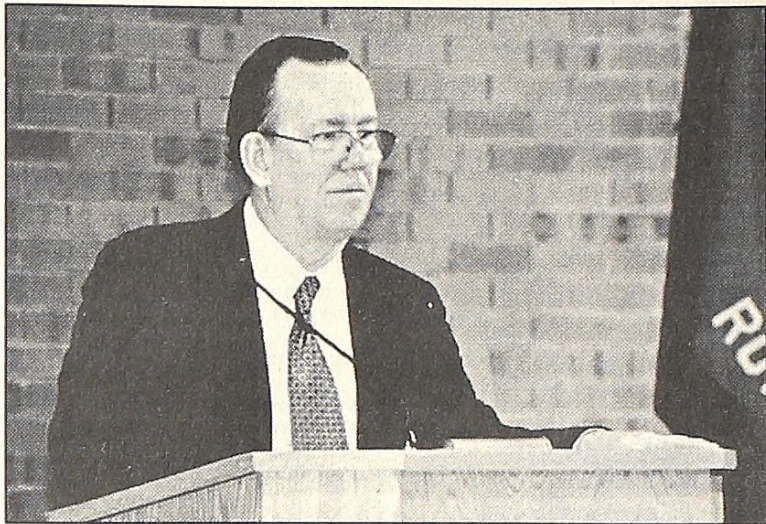

Currently, Sorrell is real happy how the classes are going. There are already 20 students in his class and the interest is growing.

To sign up for one of the classes, call the Romulus Recreation Department at (313) 942-6852. Or if you prefer, go on down and sign up in person.

The classes are held at the Romulus Middle School located at Wick and Ozga roads.

“My goal for my students is for them to learn karate correctly and to have a good time doing it,” said Sorrell.

Give karate a try, it just might improve your life.

**Dedication**

Local officials and Salvation Army leaders gathered before the dedication service. Pictured are Lt. Col. Robert Bodine, (top photo, left) Larry Williams, Romulus Salvation Army council chairman; Major Brian Merritt, local commander; Mayor William Oakley and Army Commissioner Harold Hinson. In the center photo is Larry Williams. Lt. Col. Robert Bodine (bottom) waves a copy of the *Romulus Roman* while thanking the management for its pre-dedication coverage. ## New law opens list of sex offenders to public

By AL POST  
MCN Staff Writer

While Romulus Police have not yet received sex offender violation notices from the Michigan State Police on local residents, Police Chief Charles (Chuck) Kirby revealed Tuesday that “we will follow the new law.”

According to the state law police are now required to release names of convicted sex offenders to local residents.

The lists will include the offender's name, address, date of birth, the charges he or she were convicted of or plead guilty to, as well as a physical description of the person.

Some of the information from the state police has been delayed from reaching local police departments, because a challenge had been filed in the courts to block such distribution.

But U.S. District Judge David McKeague has ruled that such action is not “cruel and unusual punishment.”

Thus past sex offenders are now under law to register their new residences within 10 days of a move, but no one is sure yet whether that will be strictly followed by such offenders.

Those who do not file will be open to four year felony charges.

Kirby said he has not seen an official set of guidelines yet connected with the law, but feels the law was created to help protect local neighborhoods and cities.

Kirby said he is sure that recorded offenders on the other hand believe that the new law will be a negative factor in their lives.

Never-the-less, Kirby said, Romulus Police will follow the state law and its guidelines as soon as it receives the needed printed materials.

## New executive vice president joins Oakwood

Oakwood Healthcare Inc. welcomes James Brexler as the new executive vice president, effective late March, 1997.

Brexler comes to Oakwood from Baton Rouge, La. where he was president of the Acute Care Division of General Health System. He brings extensive system development experience, market leadership in managed care and comprehensive work in quality improvement initiatives.

He will be responsible for all aspects of care delivery, including hospitals, outpatient centers, independent and assisted living, home care, wellness, prevention, and the foundation.

In his role as executive vice president, Brexler will assume previous duties from the president of the various care delivery sites mentioned above. He will be working closely with the senior vice presidents associated with care delivery and focusing on achievement of Oakwood's 1997 objectives of market expansion, cost of care, and quality improvement.

Continued from B-4

in which the wireless communication support structure is located. (See subparagraph (D)(1)(j).)

6. There shall be an unobstructed access to the wireless communication support structure, for operation, maintenance, repair and inspection purposes, which may be provided through an easement. This access shall have a width and location determined by such factors as: the location of adjacent thoroughfares and traffic circulation within the site; utilities needed to service the wireless communication support structure and any attendant facilities; the location of buildings and parking facilities; proximity to residential districts and minimizing disturbance to the natural landscape; and the type of equipment which will need to access the site.

7. The division of property for the purposes of locating a wireless communication support structure is prohibited unless all zoning requirements and conditions are met.

8. The Zoning Board of Appeals may grant variances only for the setback requirements of a wireless communication support structure, provided that the proposed location will reduce its visual impact on the surrounding area, for the maximum height requirement, and for the colocation requirements of subparagraph (D)(14).

9. Where a wireless communication facility is proposed on the roof of a building, if the equipment enclosure is proposed as a roof appliance or penthouse on the building, it shall be designed, constructed and maintained to be architecturally compatible with the principal building. The equipment enclosure may be located within the principal building or may be an accessory building, provided that an accessory building conforms with all district requirements for accessory buildings, including yard setbacks and building height.

10. The Planning Commission shall, with respect to the color of the wireless communication support structure and all accessory buildings, review and approve so as to minimize distraction, reduce visibility, maximize aesthetic appearance, and ensure compatibility with surroundings. It shall be the responsibility of the applicant to maintain the wireless communication facility in a neat and orderly condition.

11. Wireless communication support structures shall be constructed in accordance with all applicable building codes and shall include the submission of a professional soils report from a geotechnical engineer licensed in the State of Michigan. This soils report shall include soil borings and statements confirming the suitability of soil conditions for the proposed use. The requirements of the Federal Aviation Administration, Federal Communication Commission, and Michigan Aeronautics Commission shall be noted.

12. A maintenance plan, and any applicable maintenance agreement, shall be presented as part of the site plan for the proposed facility. Such plan shall be designed to ensure the long term, continuous maintenance to a reasonably prudent standard.

13. If a provider fails or refuses to permit colocation on a facility owned or otherwise controlled by it, where colocation is feasible, the result will be that a new and unnecessary additional structure will be compelled, in direct violation of and in direct contradiction to the basic policy, intent and purpose of the City of Romulus. The provisions of this subsection are designed to carry out and encourage conformity with the policy of the City.

Any proposed commercial wireless communication support structures shall be designed, structurally, electrically, and in all respects, to accommodate both the applicant's attached wireless communication facility and comparable attached wireless communication facilities for additional users. Wireless communication support structures must be designed to allow for future rearrangement of attached wireless communication facilities upon the wireless communication support structure and to accept attached wireless communication facilities mounted at varying heights.

A proposal for a new wireless communication support structure shall not be approved unless and until it can be documented by the applicant that the communications equipment planned for the proposed wireless communication support structure cannot be feasibly collocated and accommodated on an existing or approved wireless communication support structure or other existing structure due to one or more of the following reasons:

a. The planned equipment would exceed the structural capacity of the existing or approved wireless communication support structure or building, as documented by a qualified and licensed professional engineer, and the existing or approved wireless communication support structure cannot be reinforced, modified, or replaced to accommodate planned or equivalent equipment.

b. The planned equipment would cause interference materially impacting the usability of other existing or planned equipment at the wireless communication support structure or other existing structure as documented by a qualified and licensed professional engineer and the interference cannot be prevented by any other means.

c. Existing or approved wireless communication support structures and buildings within the search radius cannot accommodate the planned equipment at a height necessary for the coverage area and capacity needs to reasonably function as documented by a qualified and licensed professional engineer.

d. Other unforeseen reasons that make it infeasible to locate the planned communications equipment upon an existing wireless communication support structure or building.

Colocation shall be deemed to be “feasible” for the purposes of this Section where all of the following are met:

e. The wireless communication provider entity under consideration for colocation will undertake to pay market rent or other market compensation for colocation.

f. The site on which colocation is being considered, taking into consideration reasonable modification or replacement of a facility, is able to provide structural support.

g. The colocation being considered is technologically reasonable, e.g., the colocation will not result in unreasonable interference,

given appropriate physical and other adjustments in relation to the structure, antennae, and the like.

h. The height of the structure necessary for colocation will not be increased beyond a point deemed to be permissible by the City, taking into consideration the several standards contained within this Section.

14. If a party who owns or otherwise controls a wireless telecommunication support structure shall fail or refuse to alter a structure so as to accommodate a proposed and otherwise feasible colocation, such facility shall thereupon and thereafter be deemed to be a nonconforming structure and use, and shall not be altered, expanded or extended in any respect.

If a party who owns or otherwise controls a wireless telecommunication facility shall fail or refuse to permit a feasible colocation, and this requires the construction and/or use of a new wireless communication support structure, the party failing or refusing to permit a feasible colocation shall be deemed to be in direct violation and contradiction of the policy, intent and purpose of this Section of the Zoning Ordinance, and, consequently such party shall take responsibility for the violation and be subject to any and all penalties applicable to a violation of the Zoning Ordinance, and shall also be prohibited from receiving approval for a new wireless communication support structure within the City of Romulus for a period of five (5) years from the date of the failure or refusal to permit the colocation.

Such a party may seek and obtain a variance from the Zoning Board of Appeals if and to the limited extent the applicant demonstrates entitlement to variance relief which, in this context, shall mean a demonstration that enforcement of the five (5) year prohibition would unreasonably discriminate among providers of functionally equivalent wireless communication services, or that such enforcement would have the effect of prohibiting the provision of personal wireless communication service.

15. Review of an application for colocation, and review of an application for a permit for use of a facility permitted under subparagraph (A)(2), above, shall be expedited by the City of Romulus.

16. When a wireless communications facility has not been used for one hundred eighty (180) days or more, or six (6) months after new technology is available which permits the operation of a wireless communication facility without the requirement of a wireless communication support structure, the entire wireless communications facility, or that portion of a wireless communications facility made obsolete by the new technology, shall be removed by the users and/or owners of the wireless communications facility. For the purposes of this Section, the removal of antennae or other equipment from the facility, or the cessation of operations (transmission and/or reception of radio signals) shall be considered as the beginning of a period of nonuse. The situation(s) in which removal of a wireless communications facility is required may be applied and limited to a portion of the facility.

a. Upon the occurrence of one or more of the events requiring removal, the property owner or persons who had used the wireless communications facility shall immediately apply for and secure the application for any required demolition or removal permits, and immediately proceed with and complete the demolition / removal, restoring the condition which existed prior to the construction of the wireless communications facility.

b. If the required removal of the wireless communications facility or a portion thereof has not been lawfully completed within sixty (60) days of the applicable deadline, and after at least thirty (30) days written notice, the City may remove or secure the removal of the facility or required portions thereof, with its actual costs and reasonable administrative charges to be drawn or collected and/or enforced from or under the security posted at the time application was made for establishing the wireless communications facility.

17. Wireless communication facilities shall comply with applicable federal and state standards relative to the environmental effects of radio frequency emissions.

Section 5.

Section 6.

Section 7.

I, Linda R. Choate, CMC, Clerk for the City of Romulus, Michigan do hereby certify that the foregoing is a true copy of an ordinance duly adopted by the Romulus City Council at its regular meeting held on the 3rd. day of March, 1997.

Linda R. Choate, CMC, Clerk  
City of Romulus, Michigan  
ATTEST: William Oakley, Mayor

Within forty-five (45) days after the publication of any ordinance duly passed by the Council, a petition may be presented to the Council protesting against such ordinance continuing in effect. Said petition shall contain the text of such ordinance and shall be signed by not less than six percent (6%) of the registered electors registered at the last preceding election at which a Mayor of the City was elected. Said ordinance shall thereupon and thereby be suspended from operation and the Council shall immediately reconsider such ordinance.

**WOOD, ANN P.**  
Age 78, of Howell, passed away March 16, 1997. Dear mother of daughters, Patricia Neal, Sharon Ellul and Nancy (Gary) Nitta and son, Michael J. (Diane) Neal. Also survived by 2 sisters, 17 grandchildren and 22 great grandchildren. Services were held March 19 at the Vermeulen Trust 100 Funeral Home with interment at Roseland Park Cemetery.

**WOOD, MARION**  
Age 82, of Westland, passed away March 22, 1997. He is survived by daughter, Margaret (Fred) Jackson, sons, Harry and Charles, 8 grandchildren, 12 great grandchildren and 1 great great grandchild. Services were held March 27 at the Vermeulen Memorial Funeral Home with interment at White Chapel Memorial Cemetery.

## Turn your weekend into a paycheck.

Here's a great way for you to turn extra time into extra income. NBD Bank, a fast-growing banking leader, is currently accepting applications for weekend Lockbox Tellers, responsible for processing transactions for large customer accounts. These high-volume, production-oriented, part-time positions are for Saturdays and Sundays, from 8 am to 5 pm.

To qualify, you must be able to handle basic math skills, work in a fast-paced environment and maintain attention to detail. Some production and/or 10-key calculator skills are also needed.

Please apply in person for this challenging part-time opportunity, Monday - Wednesday, 8 am - 4 pm, Thursday - Friday, 10 am - 2 pm, at: NBD Technology Center, 9000 Haggerty Road, Belleville, MI 48111. No phone calls please. An Equal Opportunity Employer.

NBD and You!

## Westland Jaycees selected as tops in state at winter assembly

At the Michigan Winter Assembly in February, the Westland Jaycees were honored for accomplishing several goals and meeting the needs of the community they serve.

- Awards included:
- Government involvement chapter of quarter by population division
  - Single project entry by population grouping in the area of community fund raising
  - Overall single project entry in the area of public relations

The Westland Jaycees were chosen for these prestigious

awards based on their outstanding efforts in meeting the needs of their members and the community. This announcement was made by Adam Pieczynski, Michigan Jaycees state president during last months banquet.

In addition, the Michigan Jaycees conducted its annual Five Outstanding Young Michiganders Award Program, which included Michigan's 1997 Outstanding Young Farmer, Outstanding Young Governmental Leader, and Michigan Jaycees Family of the Year. The programs honor

individuals for outstanding service to their communities. Individuals were nominated by their local Jaycee Chapters.

Recognized as this year's Five Outstanding Young Michiganders are Dirk Koning, nominated by the Grand Rapids Jaycees for his contributions to improving media communications within his community; Doug Blease, nominated by the Grand Rapids Jaycees for his development of programs which support diversity and confront racism; Mark Hewitt, nominated by the Hastings Jaycees.

## Moms thanked for past favors

"Thanks Mom for all you've done" is the theme of the Wayne Merchants Association spring promotion.

Entry blanks will be avail-

able for Wayne shoppers to enter their moms and have an opportunity for one lucky mother to receive \$300 in Merchants Association Dollars.

Check participating Wayne merchants' places of business for an entry box and further details.

## Jonathan's Restaurant hidden treasure

Sometimes in order to get the best things, you have to hunt a little bit.

That is true with Jonathan's Family Restaurant in Canton, which is hidden behind Subway on 40335 Michigan Avenue, east of I-275.

Jonathan's is open 6 a.m. to 9 p.m. Monday through Saturday, and 7 a.m. to 9 p.m. Sunday.

The food prices are reasonable (dinner specials are \$5.95 and include soup, salad and dessert), and there are low prices on breakfast and lunch items as well.

Owner Adam Adamopoulos said he hopes customers take the time to look for Jonathan's

to take advantage of great food, great prices and generous portions. All this is topped off with excellent wait staff as well, he said.

"People today are looking for a place where they can get good food at reasonable prices," Adamopoulos said. "We have the best quality food in the area."

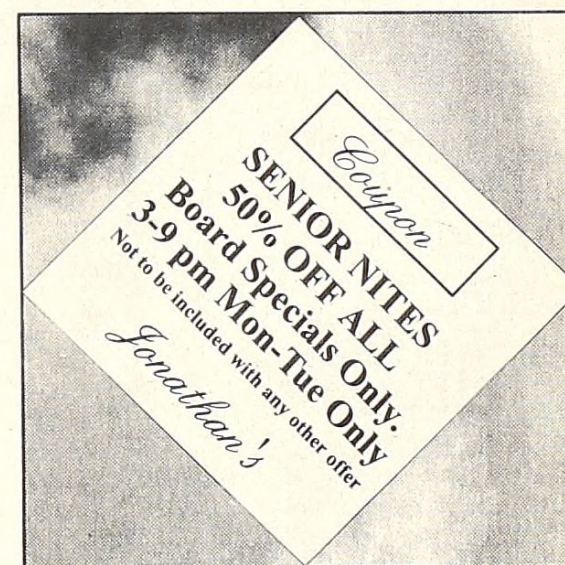

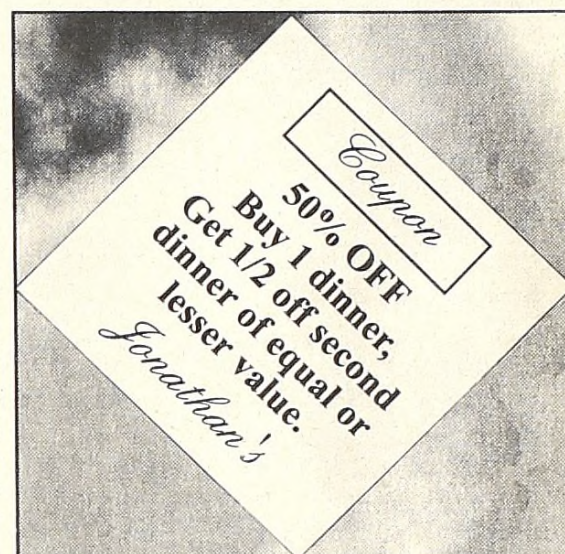

At Jonathan's, a customer can expect to be treated well, and can count on eating in a neat atmosphere.

"People are treated very well here," he said.

The restaurant staff has received numerous compliments from customers who appreciate the service and food.

Adamopoulos said he worked as a carpenter before learning the restaurant trade nearly 27 years ago. An immigrant from Greece in 1970, he started out as a bus boy, and worked his way through the ranks. He learned cooking through observation and opened his first restaurant in 1976 in Ann Arbor, which had six booths. He has owned and operated several restaurants in the Ypsilanti, Ann Arbor and Western Wayne area since that time, but currently only owns the Jonathan's in Canton.

The name Jonathan was picked because, "It's a good American name," Adamopoulos said.

Daily Specials - \$1.99 size muffin FREE with every meal.

Breakfast Special - \$1.99 M-F 6a.m.11a.m.
